

Sheet Cutter

SG-SC A3+ / A3+ Pro

1. Lightweight and space-saving design, suitable for desktop use.
2. Optimized auto sheet feeding mechanism ensures productivity with minimized paper jams
3. Auto-recognition of registration marks guarantees scanning and cutting accuracy, multi-cutting jobs

Application: Self-adhesive sticker, label etc.

ADVANTAGE: The latest Saga Sheet Cutter has read bar code for registration and it increases the scanning speed by 100%+.

SPECIFICATIONS

Model name	SG-SC A3+	SG-SC A3+ Pro
Cutting control system	Digital servo motor	
Positioning sensor type	Optical Sensor	Digital camera (CCD)
Scanning code type	Bar code	Marker points & QR code
Sheet feeding	Up to 100 pcs depends on thickness of the paper	
Sheet feeding method	Friction feed	
Scanning speed	5-30s	5-10s
Maximum sheet size	483mmX330mm	
Maximum cutting size	475mmX320mm	
Minimum cutting character	About 5mm ²	
Maximum actual cutting speed	960mm/s	
Maximum cutting force	750g	
Maximum paper weight	350g	
Control panel	LCD with keys	
Mechanical resolution	0.02mm	
Programmable resolution	HPGL 0.025mm	
Package dimensions	850mm×700mm×550mm	850mm×700mm×550mm
Actual dimensions	655mm×494mm×335mm	655mm×494mm×335mm
Net/Gross weight	35kg/50kg	35kg/50kg
Tools	Single tool holder, with one blade and one pen	
Software and compatibility		
Connectivity	USB interfaces	USB , SD card interfaces
Software and compatibility	SignMaster™ Pro, PC only, compatible for Windows7,8,10 (USB interfaces) Corel Draw/ Illustrator Plug-in, PC only (SD interfaces)	
Power and working environment requirements		
Voltages	100V ~ 240V 50/60 Hz	
Power	150W	
Operation environment	Temperature +5°C to +35 °C (Fahrenheit 41-95), Humidity 30% -75% (Non-condensing)	

This parameter is subject to change without prior notice. The company reserves the right of final interpretation

- ◆ The Interoperable Multi-sensor guarantees excellent cutting results
- ◆ Optimized sheet marking maximized the sheet utilization
