

DiscoScan 2.0 Lens Bracket | Spectrum

PRODUCT SPECIFICATION SHEET

DESCRIPTION

This mounting bracket allows you to fit the Pangolin DiscoScan 2.0 lens to all KVANT **Spectrum** and **Spectrum RGBY** laser systems (incompatible with **LD Spectrum** and **LD Spectrum RGBY**). It was specially developed to make it possible to properly attach the lens to the projector and adjust it for optimal performance.

Please note the DiscoScan 2.0 lens is not included.
