

Print Settings

Print size: "A4" or "letter"

Scale: 100% or "actual size"

Orientation: landscape

Installation Suggestions

1. After downloading, first confirm if the template size is 1:1.
2. This template cannot guarantee a 100% fit with all bikes; the measurement results are for reference only.
3. Flip the bike upside down as shown in the video and compare it with the template.
4. If the outermost point at the bottom right corner of the template does not touch the frame, it indicates that the motor does not touch with the frame.
