INTRODUCTION

Shenzhen Targetever Technology Co., Ltd was founded in 2007, is a professional engaged in high-end game controller, peripheral accessories R & D, design, manufacturing and diversified sales as one of the comprehensive national high-tech enterprises; In the gamepad and gaming peripherals industry, Targetever is one of the few with independent design of the courageous, capable, pragmatic and dynamic integrated enterprises.

Targetever seeks improvement in stability, pioneering and innovative; It has a product R&D team with the chief designer as the core and several senior engineers as the driver, focusing on the design and development of game peripheral products; All products are designed by independent innovation and have applied for appearance patents and utility model patents in major countries and regions around the world. The product design has been highly recognized by many customers, consumers and trading platforms in the domestic and overseas; At the same time, in order to cope with differentiated competition and meet the needs of different customers, we are committed to "vertical + horizontal" to enrich products, provide more and better products for core customers, and strive to become the leader of game peripheral innovation!

Now we have a professional sales team and sales system. Our products have been exported to Europe, America, Australia, Southeast Asia and other countries and regions as well as China, and our sales are increasing year by year.

Targetever has passed ISO9001 quality management system certification&BSCI, and strict implementation of the design, R&D, production, quality, sales and service process, with professional production technology, first-class product quality management, lean production each product, so that the performance indexes of all products comply with REACH, ROHS, CE, FCC, UL and other international certification standards; With 10,000 square meters of standardized workshop, advanced production line, complete supporting test equipment, more than 300 skilled production personnel, professional quality management personnel, capable and pragmatic operation team, complete supply chain, daily output can reach more than 20,000, can undertake ODM and OEM orders.

In the long-term development process, we are constantly exploring, refining, summarizing experience to adapt to the changes of The Times and the demands of the market; "Limited strategic alliance, create unlimited wealth" as the enterprise development value strategic proposition, and strive to achieve "multi-win" and "common development" with customers and supply chain; Emphasize the core customer, core supplier strategic alliance, sincere and win-win cooperation!

Targetever adhering to the "Integrity, Filial & Incorrupt, Pragmatic, Innovative, High Efficiency" as the core values. With unique game peripherals as pivot, driven by an able, courageous and pragmatic operations team, we make full use of inside and outside resources to establish a rapid response mechanism, for the sake of increasingly creating more wealth in an effective way as the core competitiveness of the development of the enterprise, constantly self-innovation, work cohesion, the co-development of the market, better future!

成为游戏外设创新的领跑者

Vision : Setting the pace in gaming peripherals innovation

深圳市金拓达科技简介

深圳市金拓达科技有限公司成立于2007年，是一家专业从事高端游戏手柄、外设配件研发设计、制造和多元销售为一体的综合型国家高新技术企业；在游戏手柄、外设行业中，金拓达科技是家为数不多的具备自主设计的敢干、能干、务实的有活力的综合性企业。

金拓达科技稳中求进，开拓创新；拥有一支以首席设计师为核心，多名高级工程师为驱动的产品研发团队，专注于游戏外设产品的设计和研发；所有产品都为自主创新设计，均已申请了全球主要国家及地区的外观专利和实用新型专利；产品设计得到了国内外众多客户、消费者和交易平台的高度认可；同时，为应对差异化竞争，满足不同客户的需求、我们致力于“纵向+横向”地丰富产品，为核心客户提供更多更优的产品，成为游戏外设创新的领跑者而努力！

金拓达科技现已拥有专业销售团队及销售体系，产品已远销欧洲、美洲、澳洲及东南亚等国家、地区和中国，销售额逐年攀升。

金拓达科技，已通过ISO9001，质量管理体系认证和BSCI，并将其严格贯彻落实到设计、研发、生产、品质，销售和服務的全过程，以专业的生产技术，一流的产品质量管理，精益化生产每一个产品，以使所有产品的性能指标均符合REACH、ROHS、CE、FCC及UL等国际认证标准；拥有10000平方米标准化厂房，先进的生产线、完整的配套测试设备、三百多名熟练的生产人员、专业化品质管理人员，能干敢干务实的运营团队，完备的供应链，日产量可达20000台以上，可承接ODM和OEM订单。

在长期的发展过程中，我们在不断地摸索、提炼、总结经验，以适应时代及市场的不断变化、需求；金拓达科技以“有限战略联盟，共创无限财富”作为企业发展价值战略主张，努力与客户、供应链等实现“多赢”“共发展”；强调核心客户、核心供应商战略联盟，精诚合作，共赢未来！

金拓达人秉承“诚信，孝廉，务实，创新，快快快更快”为核心价值观，以独特的游戏外设为支点、以一支能干敢干务实的运营团队为驱动、充分利用内外部资源、形成快速响应机制、不断为客户更快地创造更多财富的能力为企业发展的核心竞争力，不断自我革新、齐心聚力、共拓市场，通达未来！

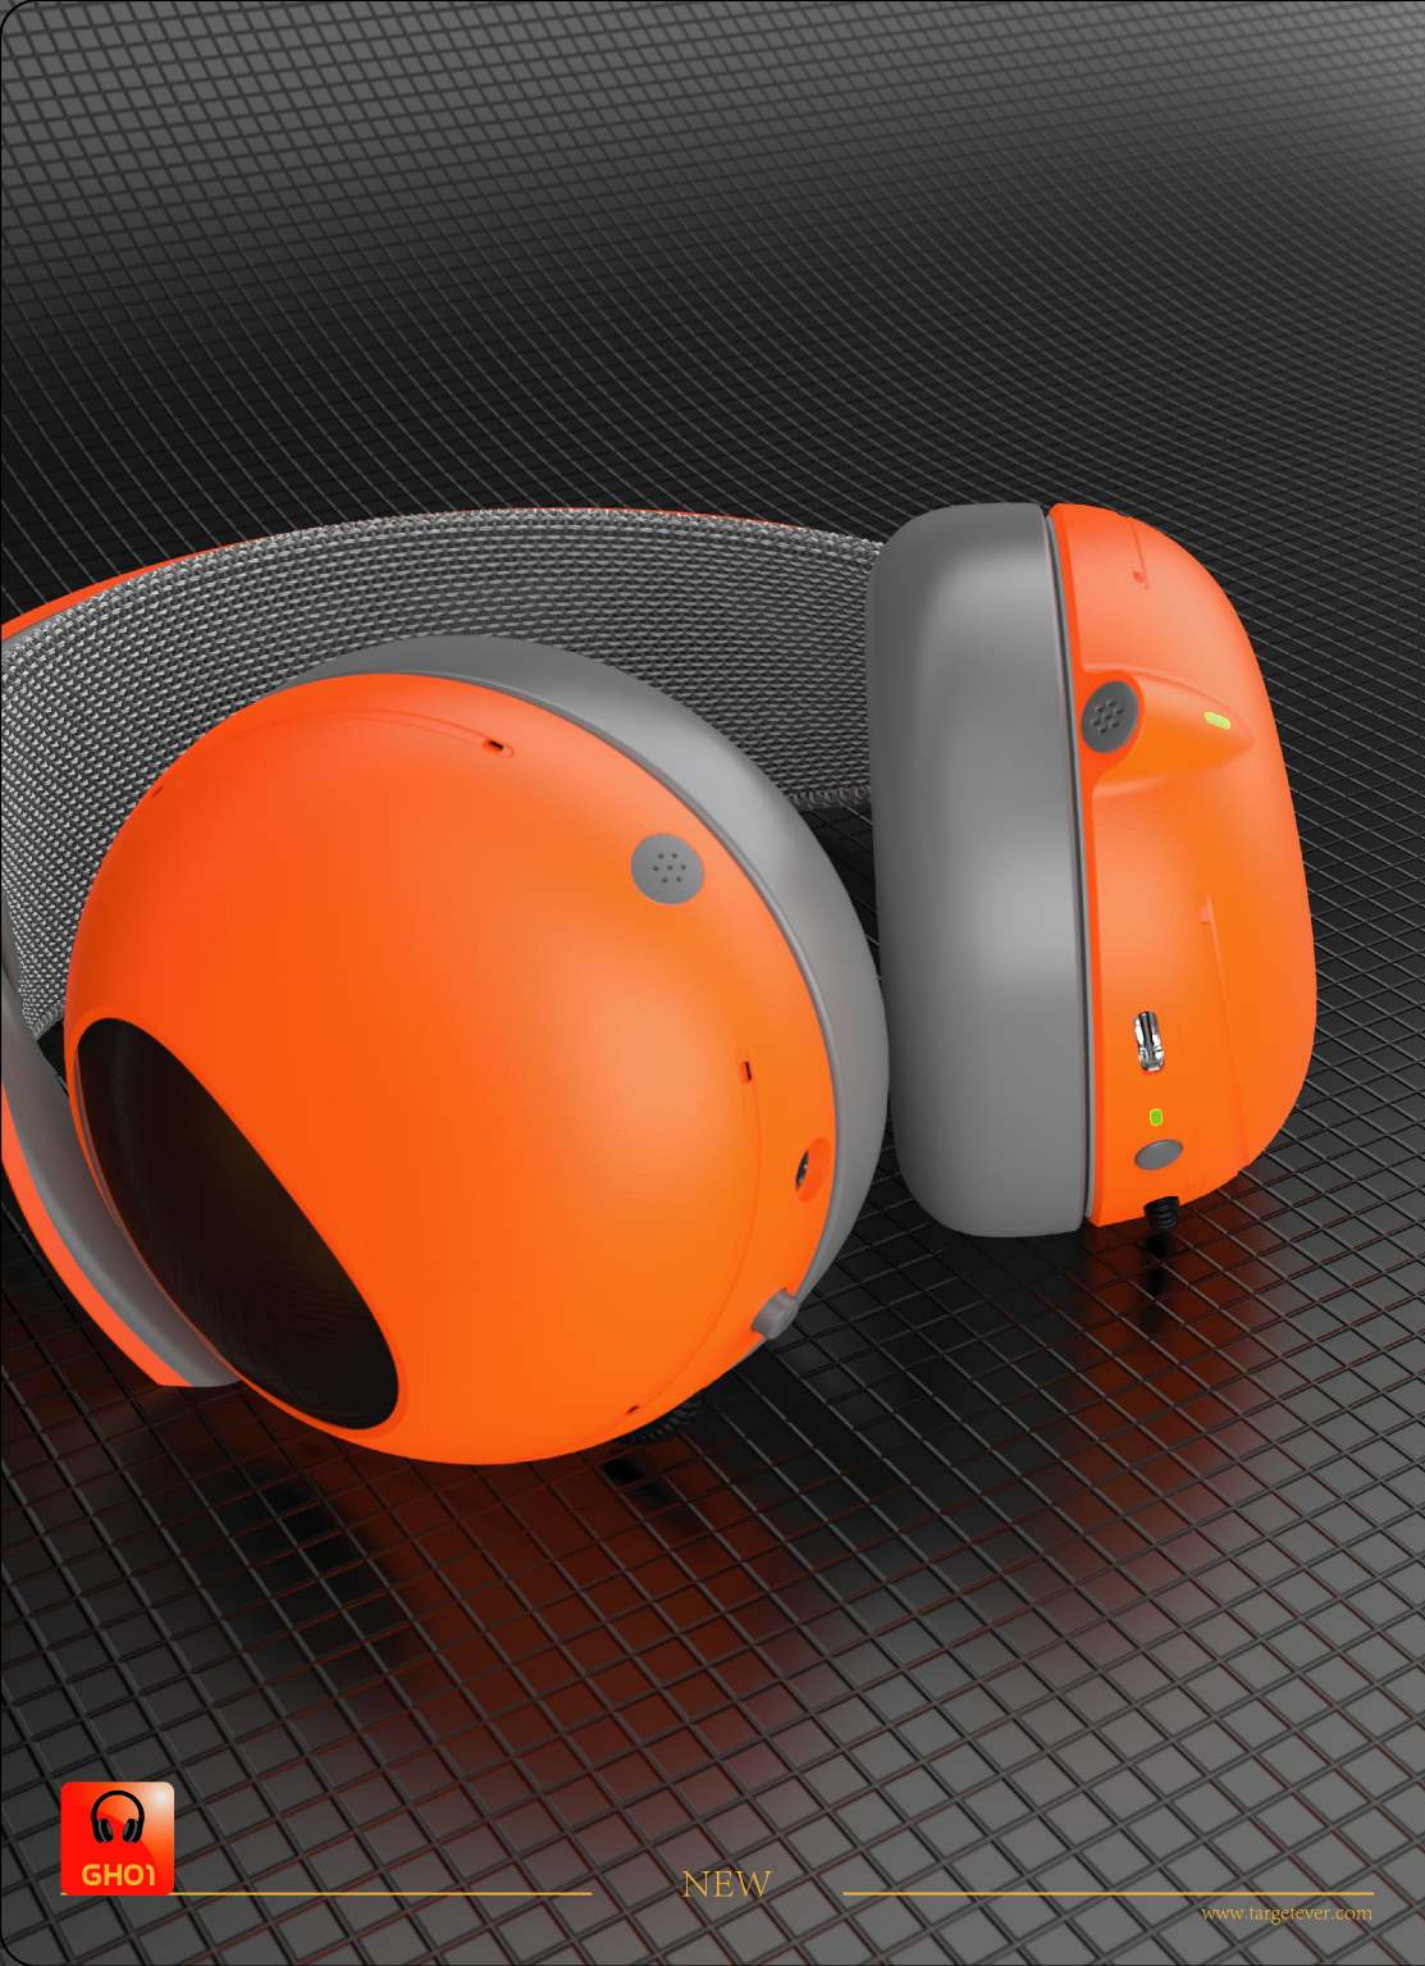

成为游戏外设创新的领跑者

Vision : Setting the pace in gaming peripherals innovation

Multi-Platform Gaming & Mobile Headset

- Cyberpunk style 3-mode wireless gaming headset
- Compatible with PS5/PS4/Nintendo Switch/Xbox All Series Console/PC/Mac and Mobile Phone
- Bluetooth and 2.4G wireless stand by, easy to switch different wireless mode
- Sound amazing and crystal-clear communication
- ENC noise cancelling microphone silences background noise
- Comfortable fabric headband ensures a comfy wear over long hours of use
- IMD technology with numerous RGB lighting effects

Xbox Wireless Game Controller

- 2.4Ghz wireless ultra-low latency
- Hall magnetic joysticks prevent drifting and more precisely
- Hall magnetic trigger buttons
- Flip the switches and your triggers will go from a smooth full-pull to a short action
- Transparent A/B/X/Y button with LED backlit
- RGB ambient light around joysticks and gamepad
- IML(In-mold Label) technology faceplate and transparent shells optional
- Two programmable back buttons
- One key to switch different platforms
- Support double vibration and turbo function
- Support all platforms in PC
- Built-in 600mAh polymer Li-battery with 12 hours lifetime

Multi-Platforms 2.4Ghz Gaming Headset

- Multiple platforms compatible with PS5/ PS4/Xbox One/Nintendo Switch/Mac/PC /Android/iOS, etc
- With one USB dongle for 2.4G wireless connection
- High hardness and durable alloy material construction provides the most comfort clamping force
- The First One to use Hall's magnet switch to control Sound volume & RGB light
- 450mAh Lithium Polymer battery for 18~20 hours working time
- Easy plug and play

Multi-Platform Gaming & Mobile Headset

- Multiple platforms compatible with PS5/PS4/ Xbox Series X/Xbox One/Nintendo Switch/ Mac/PC/Android/iOS, etc.
- Simultaneous Wireless 2.4GHz + Bluetooth
- Dual Audio Streams - Mix two audio connections at the same time, letting you chat with friends while gaming
- Potentiometer for voice control
- 450mAh Lithium Polymer battery for 18-20 hours working time
- AI-Powered Noise-Cancelling Mic

GAME CONTROLLERS

FOR NINTENDO SWITCH

成为游戏外设创新的领跑者

Vision : Setting the pace in gaming peripherals innovation

Switch Wireless Game Controller

- Compatible with Nintendo Switch/IOS/Android/PC
- Ergonomic design, comfortable grip, non-slip and sweat-proof
- Built-in 600 mAh rechargeable battery over 10 hours game time
- No deadzone high precision joysticks
- Optional IML (In-mold labeling) technology faceplate
- LED backlight strip and buttons, enhance your gaming experience
- With two programmable buttons
- RGB Joystick circle, vibration and sensor function

Switch Wireless Game Controller

- High Precision 3D joystick without deadzone
- With programmable ML MR back buttons
- 3.5mm audio jack supports in game audio and chat
- Supports mobile App to customize settings like Marco, Turbo etc
- Polymer battery 600mAh
- With vibration & Wake up console function
- Supports Air-update
- RGB effect lighting tube and joystick circle
- Hand grip with soft anti-sweat silicone
- Vibration and sensor function

Switch Wireless Game Controller

- Compatible with: Nintendo Switch/Cloud Games/iOS/Android/PC
- Built-in 3.5mm stereo headset jack
- Built-in 600mAh rechargeable battery over 10hours playing time
- Dual programmable "macro" buttons
- Standard 1.0m USB-C cable, 2~3 hours fully charged by console
- Supports APP to customize settings like Macro, Turbo etc

Switch Wireless Game Controller

- High Precision 3D joystick without deadzone
- With programmable ML MR back buttons
- 3.5mm audio jack supports in game audio and chat
- Supports mobile App to customize settings like Marco, Turbo etc
- Polymer battery 600mAh
- With vibration & sensor & wake up console function
- Supports Air-update
- Face shell with new craftsmanship, can customize various patterns(IML Tooling)
- RGB lighting bar and joystick circles

EG09B

Cartoon Pro Controller

- Cartoon style light weight and cute pro controller
- Rubber ears with breathable LED back lights
- Soft touch toes design made from high quality rubber
- 3.5mm audio jack support in game audio and chat
- Dual programmable back buttons
- Adjustable TURBO button
- Home button to wake up console from sleep mode
- Other platforms: PC and Android/iOS
- Vibration and sensor function

EG09A

Cartoon Pro Controller

- Cartoon style light weight and cute pro controller
- Rubber ears with breathable LED back lights
- Soft touch toes design made from high quality rubber
- 3.5mm audio jack support in game audio and chat
- Dual programmable back buttons
- Adjustable TURBO button
- Home button to wake up console from sleep mode
- Other platforms: PC and Android/iOS
- Vibration and sensor function

EG09E

Cartoon Pro Controller

- Cartoon style light weight and cute pro controller
- Rubber ears with breathable LED back lights
- Soft touch toes design made from high quality rubber
- 3.5mm audio jack support in game audio and chat
- Dual programmable back buttons
- Adjustable TURBO button
- Home button to wake up console from sleep mode
- Other platforms: PC and Android/iOS
- Vibration and sensor function

EG09C

Cartoon Pro Controller

- Cartoon style light weight and cute pro controller
- Soft touch toes design made from high quality rubber
- 3.5mm audio jack support in game audio and chat
- Dual programmable back buttons
Adjustable TURBO button
- Home button to wake up console from sleep mode
- Other platforms: PC and Android/iOS
- Vibration and sensor function

EG09D

Cartoon Pro Controller

- Cartoon style light weight and cute pro controller
- Soft touch toes design made from high quality rubber
- 3.5mm audio jack support in game audio and chat
- Dual programmable back buttons
Adjustable TURBO button
- Home button to wake up console from sleep mode
- Other platforms: PC and Android/iOS
- Vibration and sensor function

DG07

Wireless Controller

- Compatible with Nintendo Switch/PC/Android
- Built-in motion sensor
- Double vibration
- Customize and disassemble magnetic plate
- Turbo function(3 Levels speed)
- Precision control 3D joysticks
- Rechargeable 300mAh Li-battery

DG01

Wireless Controller

- Compatible with Nintendo Switch/PC/Android
- Built-in six axis sensors
- With two motors vibration
- RSF brand high precision 3D
- With Turbo Function
- Headphone jack function
- Improved grip feel, shape and sensitivity of dual analog sticks

12.74×4.88×8.24(cm)
25% Smaller than Pro controller
Compact and easy to carry.

MINI

B72

Wireless Controller

- Compatible with Nintendo Switch/PC/Android
- Built-in six axis sensors(Optional)
- With two motors vibration
- RSF brand high precision 3D
- Improved grip feel, shape and sensitivity of dual analog sticks
- With Turbo Function

B71

Wireless Controller

- Compatible with Nintendo Switch/PC/Android
- Built-in six axis sensors(Optional)
- With two motors vibration
- RSF brand high precision 3D
- Improved grip feel, shape and sensitivity of dual analog sticks

B74

Cartoon Pro Controller

- Compatible with Nintendo Switch/PC/Android
- Console wake up function
- Built-in six axis sensors and NFC Function (Optional)
- With two motors vibration
- RSF brand high precision 3D
- With 600mAh polymer battery
- Bluetooth or Wired Connection
- With Turbo Function
- Elite version has four back buttons (Optional)
- Improved grip feel, shape and sensitivity of dual analog sticks
- 3.5mm headphone jack

B61

Wireless Controller

- Compatible with Nintendo Switch/PC/Android
- Built-in six axis sensors(Optional)
- With two motors vibration
- RSF brand high precision 3D
- 600mAh polymer Li battery
- Improved grip feel, shape and sensitivity of dual analog sticks

KN

Wireless Controller

- Compatible with Nintendo Switch/PC/Android
- Built-in six axis sensors(Optional)
- With two motors vibration
- RSF brand high precision 3D
- 600mAh polymer Li battery
- Improved grip feel, shape and sensitivity of dual analog sticks

PR

Wireless Controller

- Compatible with Nintendo Switch/PC/Android
- Built-in six axis sensors(Optional)
- With two motors vibration
- Polymer battery 600mA

UNC

Wireless Controller

- Compatible with Nintendo Switch/PC/Android
- Charge Cable: 1.0M
- RSF high precision 3D
- +/-capture/home
- With 2 Motos(Vibration)
- With Motion Sensor(Optional)
- Polymer battery 600MA

EG08

Wireless Controller

- Compatible with Nintendo Switch/PC/Android
- Built-in six axis sensors(Optional)
- With two motors vibration
- RSF brand high precision 3D
- 600mAh polymer Li battery
- Improved grip feel, shape and sensitivity of dual analog sticks

B21

Wireless Controller

- Compatible with Nintendo Switch/PC/Android
- Built-in six axis sensors(Optional)
- With two motors vibration
- RSF brand high precision 3D
- 600mAh polymer Li battery
- Improved grip feel, shape and sensitivity of dual analog sticks

EG10

Wireless Controller

- Compatible with Nintendo Switch/PC/Android
- Charge Cable: 1.0M
- RSF high precision 3D
- +/-capture/home/Turbo buttons
- With 2 Motors(Vibration)
- With Motion Sensor(Optional)
- Polymer battery 600MA

Wireless Controller

- Program and Macro function
- Adjustable Auto Turbo function
- Home button to wake up console from sleep mode
- Built-in motion sensor and double vibration

Wireless Controller

- Built-in 6 axis motion sensor
- Double vibration
- High precision 3D joystick
- 300mAh polymer battery
- Bluetooth connection
- No data for sliding rail

Wireless Controller

- Program and Macro function
- Adjustable Auto Turbo function
- Home button to wake up console from sleep mode
- Built-in motion sensor and double vibration

EG13B

Cartoon Joy-Con And Grip

- Joy-Con+Grip kit, plug in and become a cartoon controller
- Acrylic up cover of grip available to silk-print customized design
- Programmable back buttons (Each back side)
- Adjustable TURBO function
- Home button to wake up console from sleep mode
- Motion sensor and vibration

EG13A

Cartoon Joy-Con And Grip

- Joy-Con+Grip kit, plug in and become a cartoon controller
- Acrylic up cover of grip available to silk-print customized design
- Programmable back buttons (Each back side)
- Adjustable TURBO function
- Home button to wake up console from sleep mode
- Motion sensor and vibration

EG13C

Cartoon Joy-Con And Grip

- Joy-Con+Grip kit, plug in and become a cartoon controller
- Acrylic up cover of grip available to silk-print customized design
- Programmable back buttons (Each back side)
- Adjustable TURBO function
- Home button to wake up console from sleep mode
- Motion sensor and vibration

GAME CONTROLLER FOR PS4

成为游戏外设创新的领跑者

Vision : Setting the pace in gaming peripherals innovation

FG02B

Wireless Game Controller For PS4

- Bluetooth controller for PS4 & PC, PS5 compatible only when playing PS4 games
- Built-in speaker and stereo headset jack
- Built-in 600mAh rechargeable battery 8-10hours playing time
- Standard 1.0M USB-C cable, 2-3 Hours fully charged by console
- Dualshock with two motors vibration
- Precision analog joysticks and triggers
- With touchpad and motion sensor function
- With back programmable ML MR buttons
- With customized color LED tube

FG07A

Wireless Game Controller For PS4

- Bluetooth controller for PS4 & PC, PS5 compatible only when playing PS4 games
- Built-in speaker and stereo headset jack
- Built-in 1000mAh rechargeable battery 8-10hours playing time
- Standard 1.0M USB-C cable, 2-3 Hours fully charged by console
- Dualshock with two motors vibration
- With touchpad and motion sensor function
- With back programmable ML MR buttons
- Face shell with new craftsmanship, can customize various patterns (IML Tooling)
- Gentle blue backlit buttons and tube

A01

Bluetooth Controller For PS4

- With six axis sensor and touchpad function
- Front plate with colorful LED light
- L2/R2 analog trigger
- Ergonomic design, comfortable hand feeling
- High precision 360° 3D analog sticks without dead zone
- With speaker and 3.5mm jack port

FOR
PS4

A21

Bluetooth Controller For PS4

- With six axis sensor and touchpad function
- Front plate with colorful LED light
- L2/R2 analog trigger
- Ergonomic design, comfortable hand feeling
- High precision 360° 3D analog sticks without dead zone
- With speaker and 3.5mm jack port
- With assemble and disassemble grip shells

A12

Bluetooth Controller For PS4

- With six axis sensor and touchpad function
- Front plate with colorful LED light
- L2/R2 analog trigger
- Ergonomic design, comfortable hand feeling
- High precision 360° 3D analog sticks without dead zone
- With speaker and 3.5mm jack port

Bluetooth Controller For PS4

- With six axis sensor and touchpad function
- Front plate with colorful LED light
- L2/R2 analog trigger
- Ergonomic design, comfortable hand feeling
- High precision 360° 3D analog sticks without dead zone
- With speaker and 3.5mm jack port

B31

FOR
PS4

B23

Bluetooth Controller For PS4

- High Precision 360° Analog Sticks Without dead Zone
- Ultra Precise Cross D-pad with Eight-Way
- Dual vibration
- Built-in 6 axis motion sensor
- Programmable back buttons
- Touchpad, Speaker, Earphone function
- PS4/PS3 compatible
- 600mAh polymer lithium battery

B24

Bluetooth Controller For PS4

- High Precision 360° Analog Sticks Without dead Zone
- Ultra Precise Eight-Way D-pad
- Dual vibration
- Built-in 6 axis motion sensor
- Touchpad, Speaker, Earphone function
- 600mAh polymer lithium battery

KN

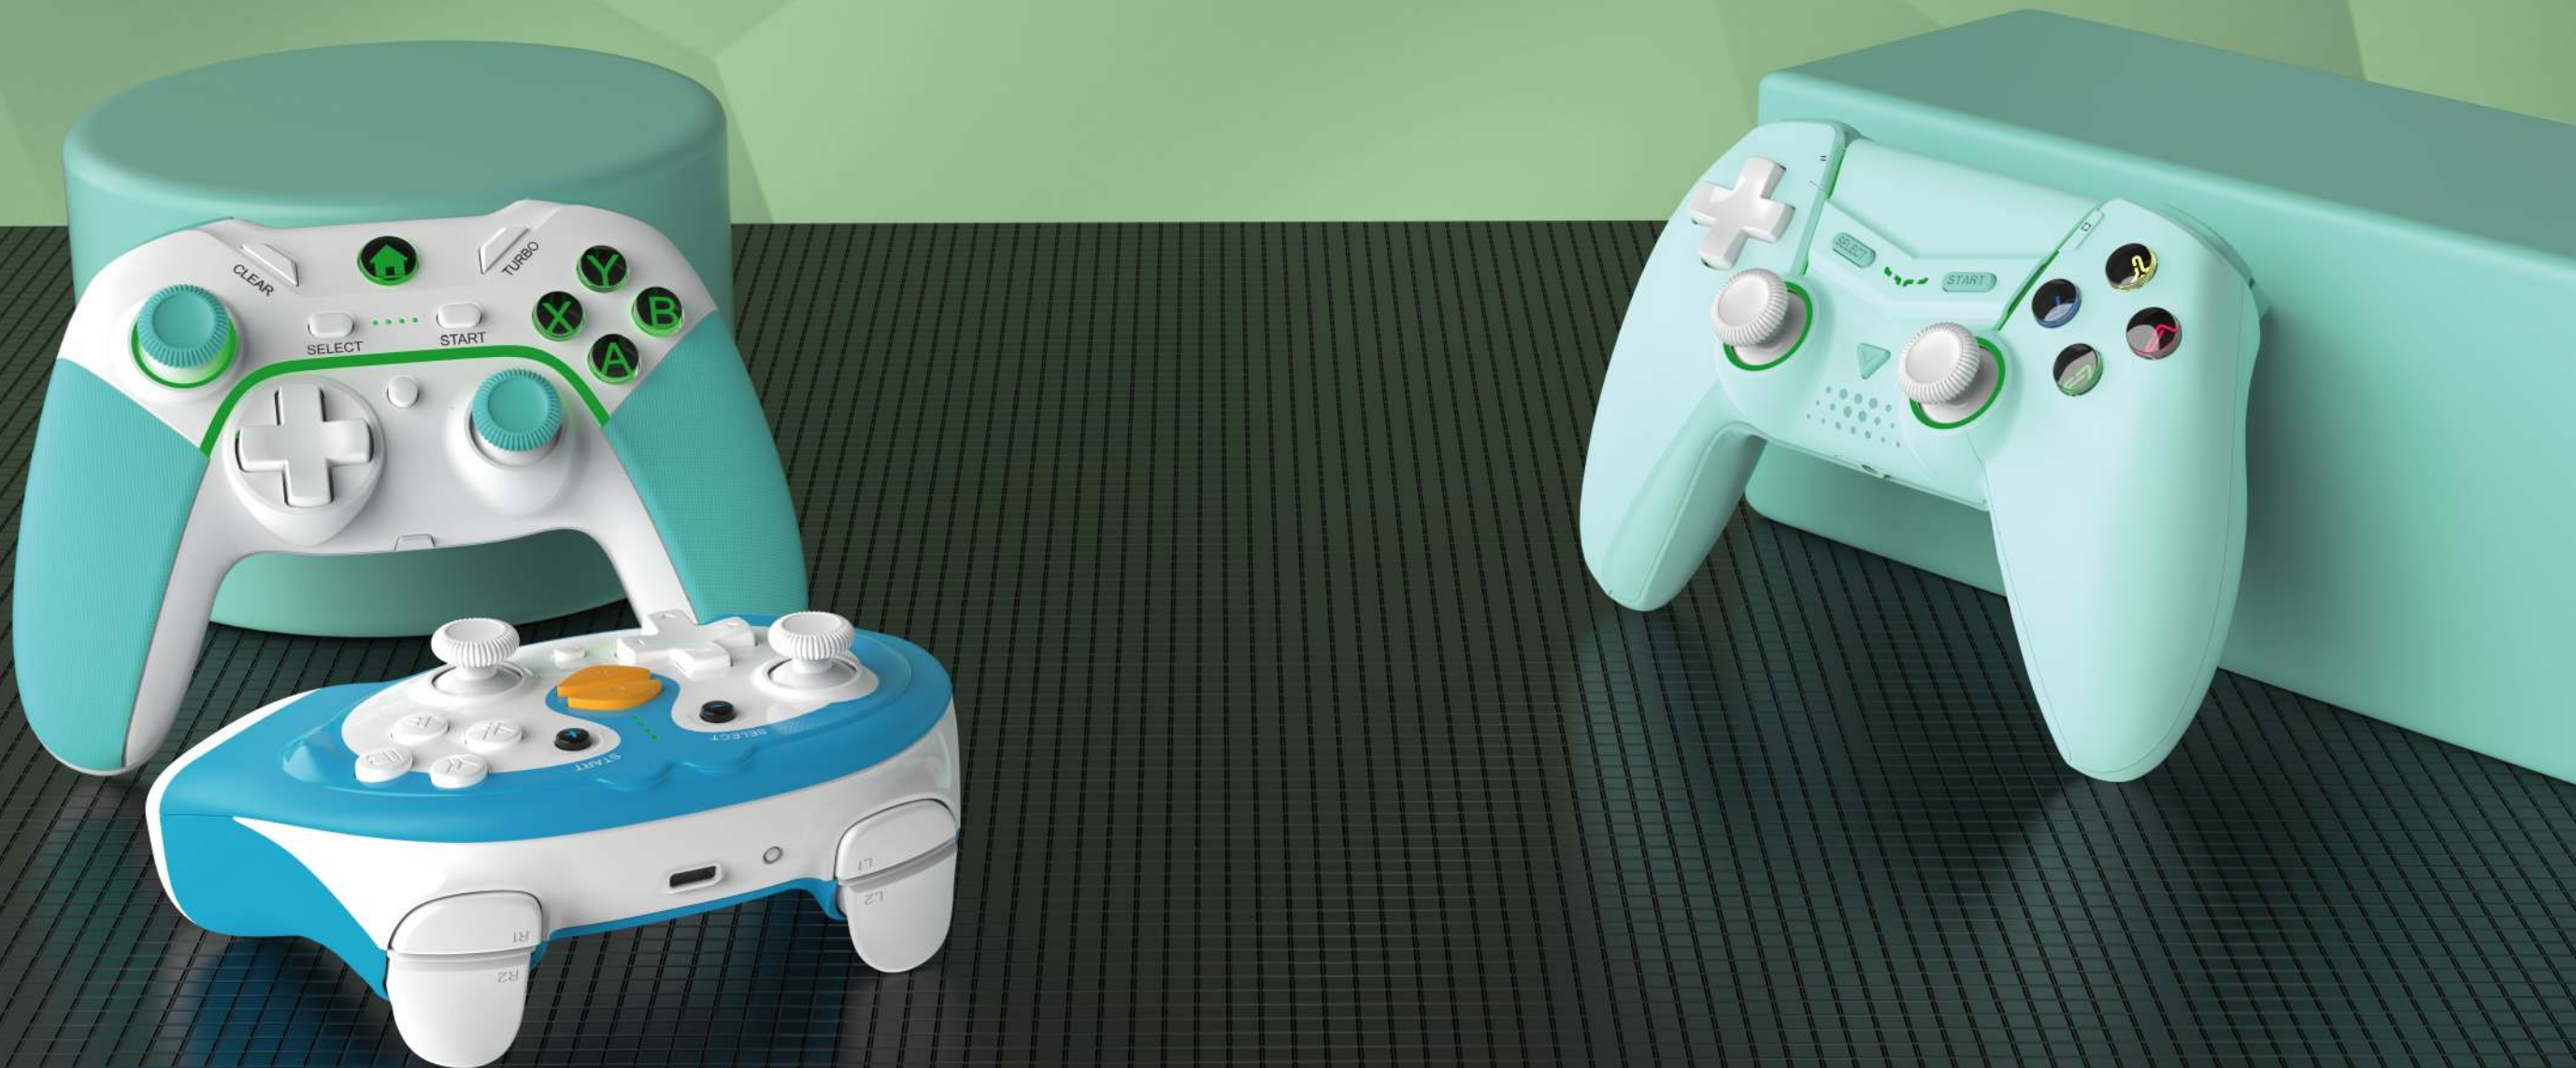

Wired Controller For PS4

- With six axis sensor and double vibration
- L2/R2 analog trigger
- Ergonomic design, comfortable hand feeling
- High precision 360° analog sticks without dead zone

GAME CONTROLLER

Xbox One/Xbox360

成为游戏外设创新的领跑者

Vision : Setting the pace in gaming peripherals innovation

XBOX Wireless Game Controller

- Compatible: Xbox One series/Xbox Series X|S
- LT/RT triggers with Hall sensor
- Battery life: 600mAh 12+ hours playing time
- Dual programmable macro back buttons
- Blue lighting bar
- Support X-input function in PC
- Double vibration and Turbo function

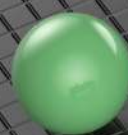

XBOX Wireless Game Controller

- The first cartoon style Xbox One/Xbox Series X controller
- Dual Vibration
- High precision 3D joysticks
- Built-in 600mAh Lithium Battery
- With Turbo Function
- Hall Magnetic sensor triggers
- With programmable back buttons
- Standard 1.0M USB-C cable
- With global appearance patents

XBOX Wireless Game Controller

- ABXY backlit buttons
- Type-C port with 1M charging cable
- High Precision Analog joysticks
- With Turbo Function
- With back programmable buttons
- With High Quality LT/RT Triggers
- 1000mAH li-ion battery
- Face shell with new craftsmanship, can customize various patterns(IML Tooling)
- Gentle blue backlit buttons and tube
- Double vibration

B21

Wireless Gamepad For Xbox One

- Wireless Gamepad For Xbox One/Xbox Series X/S /PC/PS3
- Two motors with LT/RT trigger
- RSF brand high precision 3D
- With X-input function in PC
- With Turbo button

B61

Wireless Gamepad For Xbox One

- Wireless Gamepad For Xbox One/Xbox Series X/S /PC/PS3
- RSF brand high precision 3D
- With two motors vibration
- LT/RT Buttons with Hall Magnet function which same as X-One Elite controller
- With X-input function in PC
- With Turbo button

PR

Wireless Gamepad for Xbox One

- Compatible with Xbox Series X/S/Xbox One
- RSF brand high precision 3D
- 600mAh polymer battery
- With two motors vibration
- With X-input function in PC
- With Turbo button

GAME CONTROLLER MFI/ANDROID

成为游戏外设创新的领跑者

Vision : Setting the pace in gaming peripherals innovation

A23

Bluetooth Controller For Android

- Playing PUBG Mobile/Fortnite/Arena of Valor directly.
- Mobile phone screen coordinate simulation without BANNED risk.
- Download application from "App Store", easy to map keys.
- Easy to use, support all touch screen games and gamepad games.

C11

Bluetooth Controller For Android

- Easy to connect via Bluetooth
- No delay, professional for gamer
- A lot of Android games support
- A lot of Simulators support

53

PR

Bluetooth Controller For Android

- Compatible: Android/PC/PS3
- Bluetooth connection for Android devices
- 2.4Ghz connection for PC/PS3
- Battery life: 600mAh 12+ hours playing time
- X-input function for PC games
- Dual vibration for PC/PS3 games

54

FG02A

Bluetooth Controller For Android

- Ergonomic Design with comfortable grips feeling and exquisite appearance
- Dual vibration only available in Switch and PC
- Two groups RGB changeable lighting tube
- Optional Removable Phone Clip-Match maximum 6.5 inches equipment
- Dual modes to support iOS and Android mobile devices
 - 1.Support Keylinker APP to customize mobile game keycode to play like PUBG Mobile style games
 - 2.Support iOS13.4 and Android10 above native applications
- Support Keylinker APP to customize Marco setting, Button mapping etc for Switch

KN

Bluetooth Controller For Android

- Compatible: Android/PC/PS3
- Bluetooth connection for Android devices
- 2.4Ghz connection for PC/PS3
- Battery life: 600mAh 12+ hours playing time
- X-input function for PC games
- Dual vibration for PC/PS3 games

55

UNC

Bluetooth Controller For Android

- Compatible: Android/PC/PS3
- Bluetooth connection for Android devices
- 2.4Ghz connection for PC/PS3
- Battery life: 600mAh 12+ hours playing time
- X-input function for PC games
- Dual vibration for PC/PS3 games

56

GAME CONTROLLER

For PS3/PC

FG02A

Wireless Game Controller

- Ultra low latency 2.4Ghz wireless and USB wired for PC(Xinput)/PS3/Android
- Support Mouse function in Android mode
- Type-C port with 1M charging cable
- High Precision Analog joysticks
- With Turbo Function
- With High Quality L2/R2 Trigger controlled by Hall Magnetic sensor
- With customized color LED tube
- Hand grip with soft anti-sweat silicone

FG05D

Wireless Controller For PC

- Cartoon design
- Dual Vibration
- High precision Analog joysticks
- Built-in 600mAh Lithium battery
- With Turbo Function
- Hall's Magnet sensor Triggers
- Standard 1.0M USB-C cable
- With global appearance patents

FG07B

Wireless Game Controller

- Ultra low latency 2.4Ghz wireless and USB wired for PC(Xinput)/PS3/Android
- Support Mouse function in Android mode
- Type-C port with 1M charging cable
- High Precision Analog joysticks
- With Turbo Function
- With High Quality L2/R2 Triggers
- Face shell with new craftsmanship, can customize various patterns (IML Tooling)
- Gentle blue backlit buttons and tube

Wireless Controller

- Support PC/PS3/Android, With Xinput & Dinput
- Double vibration, D-pad and 12 buttons design
- L2/R2 trigger/analog
- Switch button ON/OFF to save power
- 600mAh polymer lithium battery

Wireless Controller

- Support PC/PS3/Android, With Xinput & Dinput
- Support Android TV/Box and 2 players
- 600mAh polymer lithium battery
- Double vibration

Wireless Controller

- Support PC/PS3/Android, With Xinput & Dinput
- Double vibration and trigger function
- 1M Micro USB char in cable
- 600mAh polymer lithium battery

A22

Wireless Controller

- Support PC/PS3/Android
- Double shock, D-pad and 12 buttons design
- With Xinput and Direct Input
- L2/R2 analog/trigger
- 600mAh polymer lithium battery
- RSF brand high precision 3D

EG08

Wireless Controller

- Compatible with PC/Android/PS3
- With two motors vibration
- RSF brand high precision Analog joysticks
- 600mAh polymer Li battery
- Improved grip feel, shape and sensitivity of dual analog sticks

B61

Wireless Controller

- Support PC/PS3/Android
- Double shock, D-pad and 12 buttons design
- With Xinput and Dinput
- LT/RT Buttons with Hall Magnet function which same with X-One ELite controller
- 600mAh polymer Li battery

EG10

Wireless Controller

- Compatible with PC/Android/PS3
- Charge Cable: 1.0M
- RSF high precision Analog joysticks
- Select/Start/Turbo/Clear/Home buttons
- With 2 Motors(Vibration)
- Polymer battery 600mAh

B21

Wireless Controller

- Support PC/PS3/Android
- Support Xinput and Dinput
- 600mAh polymer battery
- Double vibration and turbo function
- Analog trigger function

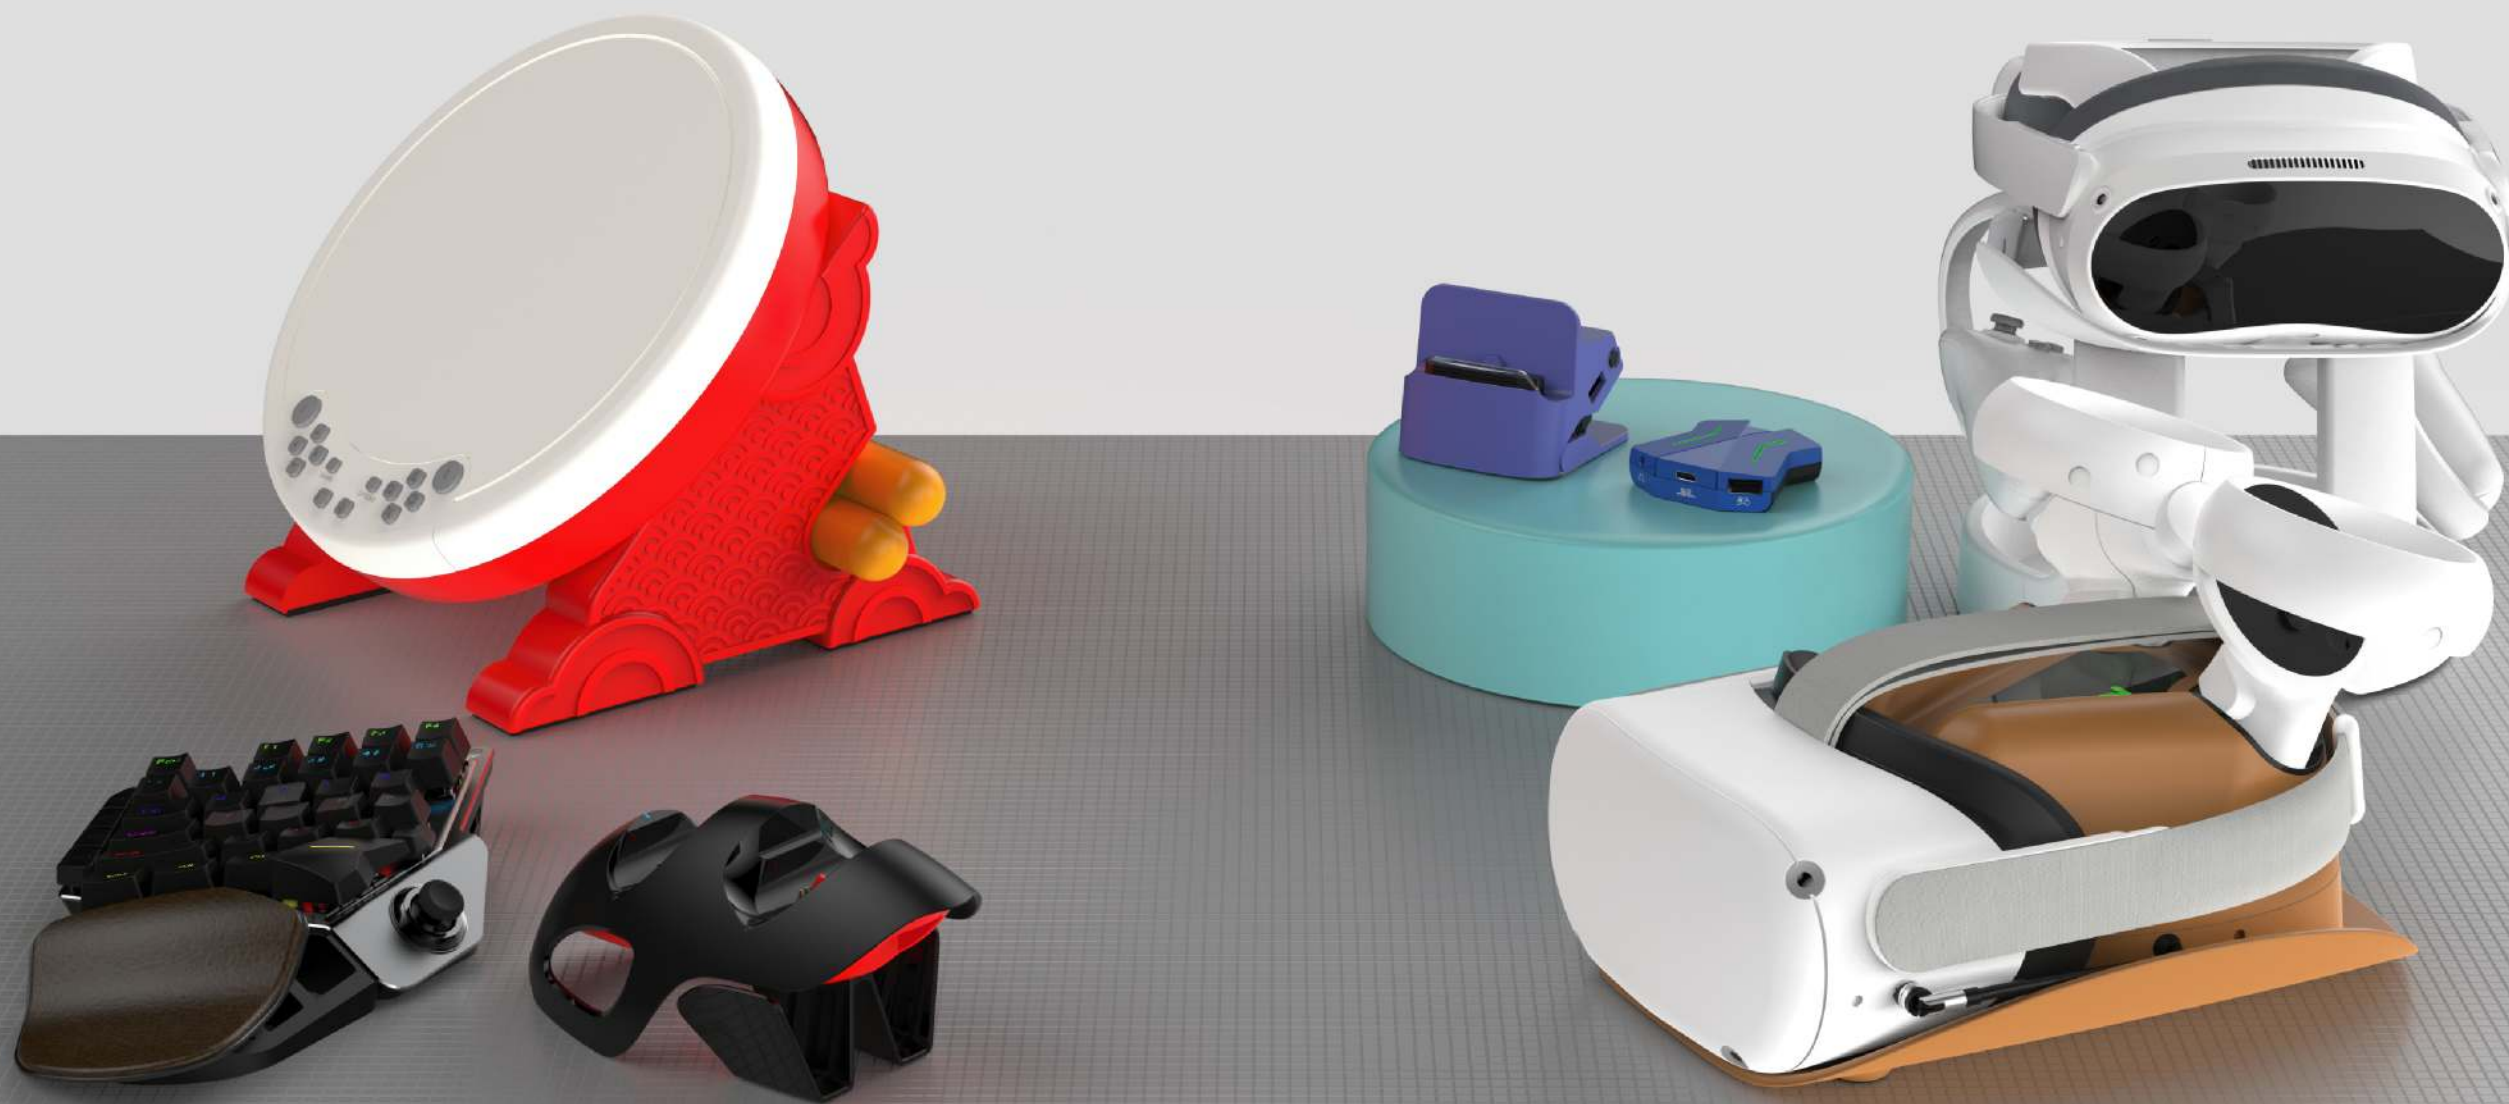

B22

Wired Controller

- Support PC (Dinput & Xinput)/PS3/Android
- Plug and play
- With two motors vibration
- With programmable buttons in the back
- With Analog triggers

GAME ACCESSORIES

成为游戏外设创新的领跑者

Vision : Setting the pace in gaming peripherals innovation

GA01A

Charging Station For Oculus Quest 2

- Cowboy hat style design with exquisite appearance
- Stores Quest 2 headset and Touch Controllers all in one place to keep gaming area neat and organized
- Fully charged for Quest 2 headset and controllers in just 3.5 hours
- With 2pcs 1800mAh rechargeable batteries and controller covers
- Convenient LED Indicators

Charging Console

USB Interface

GA01C

Charging Station For PICO 4 GA01C

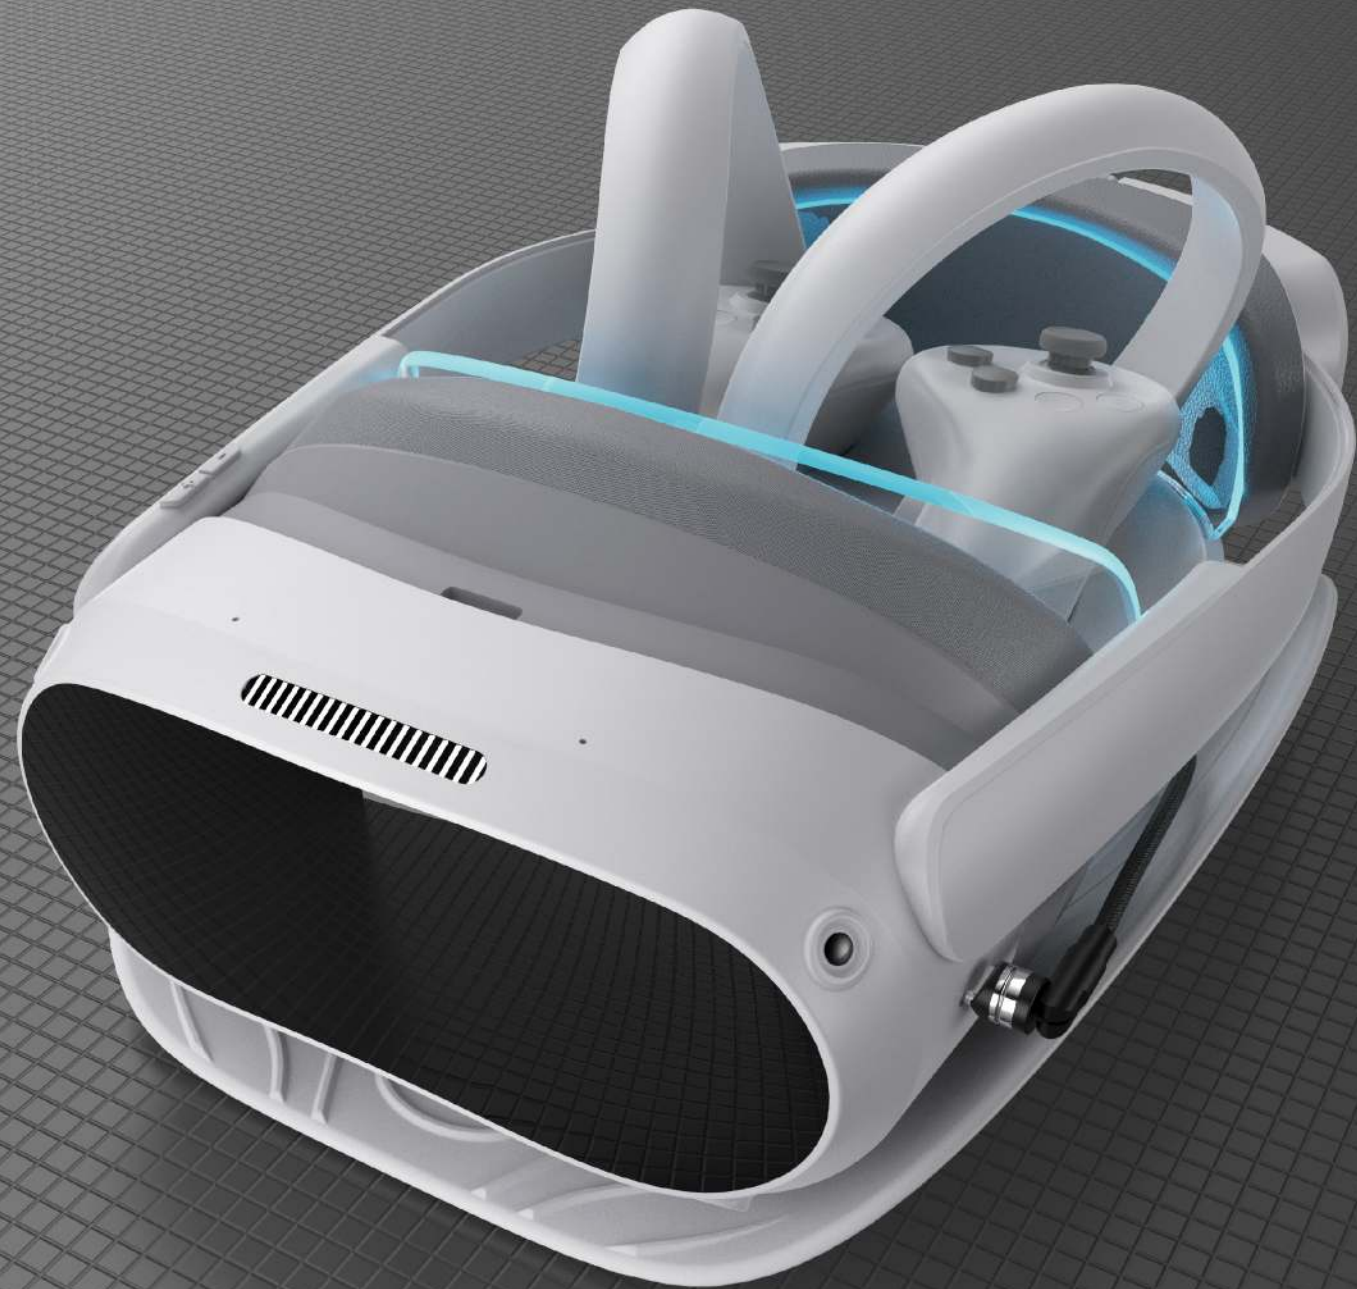

- Safe and fast charging, anti short-circuit, anti over-voltage, anti over-current
- Stylish LED indicator ambient light, one key to turn ON/OFF
- Transparent acrylic with 2 colors ambient lighting effect to monitor charging status
- Light weight and stable, two anti-skid pads more stable when place and pick VR headset

Charging Console

USB Interface

GA02A

Portable VR Headset Charging Handbag

- Fast charging for both Pico 4 headset and controllers
- PP+PU+EVA High-grade and soft material protect headset and controllers
- Durable carrying handle and hand strap for easier carrying outdoor
- Inserted 1100mA chargeable battery, keep your console and controller full of charge every min

Charging Console

USB Interface

GA02B

Portable VR Headset Handbag

- PP+PU+EVA High-grade and soft material protect headset and controllers
- Portable hard shell with transparent plate, astronaut helmet design
- High-quality zipper, open and close without the hassle
- Durable carrying handle and hand strap for easier carrying outdoor

GA02C

Portable VR Headset Handbag

- PP+PU+EVA High-grade and soft material protect headset and controllers
- Portable hard shell with transparent plate, astronaut helmet design
- High-quality zipper, open and close without the hassle
- Durable carrying handle and hand strap for easier carrying outdoor

GA02D

Portable VR Headset Charging Handbag

- Fast charging for Oculus/Meta Quest 2 headset only
- PP+PU+EVA High-grade and soft material protect headset and controllers
- Portable hard shell with transparent plate, astronaut helmet design
- High-quality zipper, open and close without the hassle

Charging Console

USB Interface

GA03

Charging Station For PICO 4 GA03

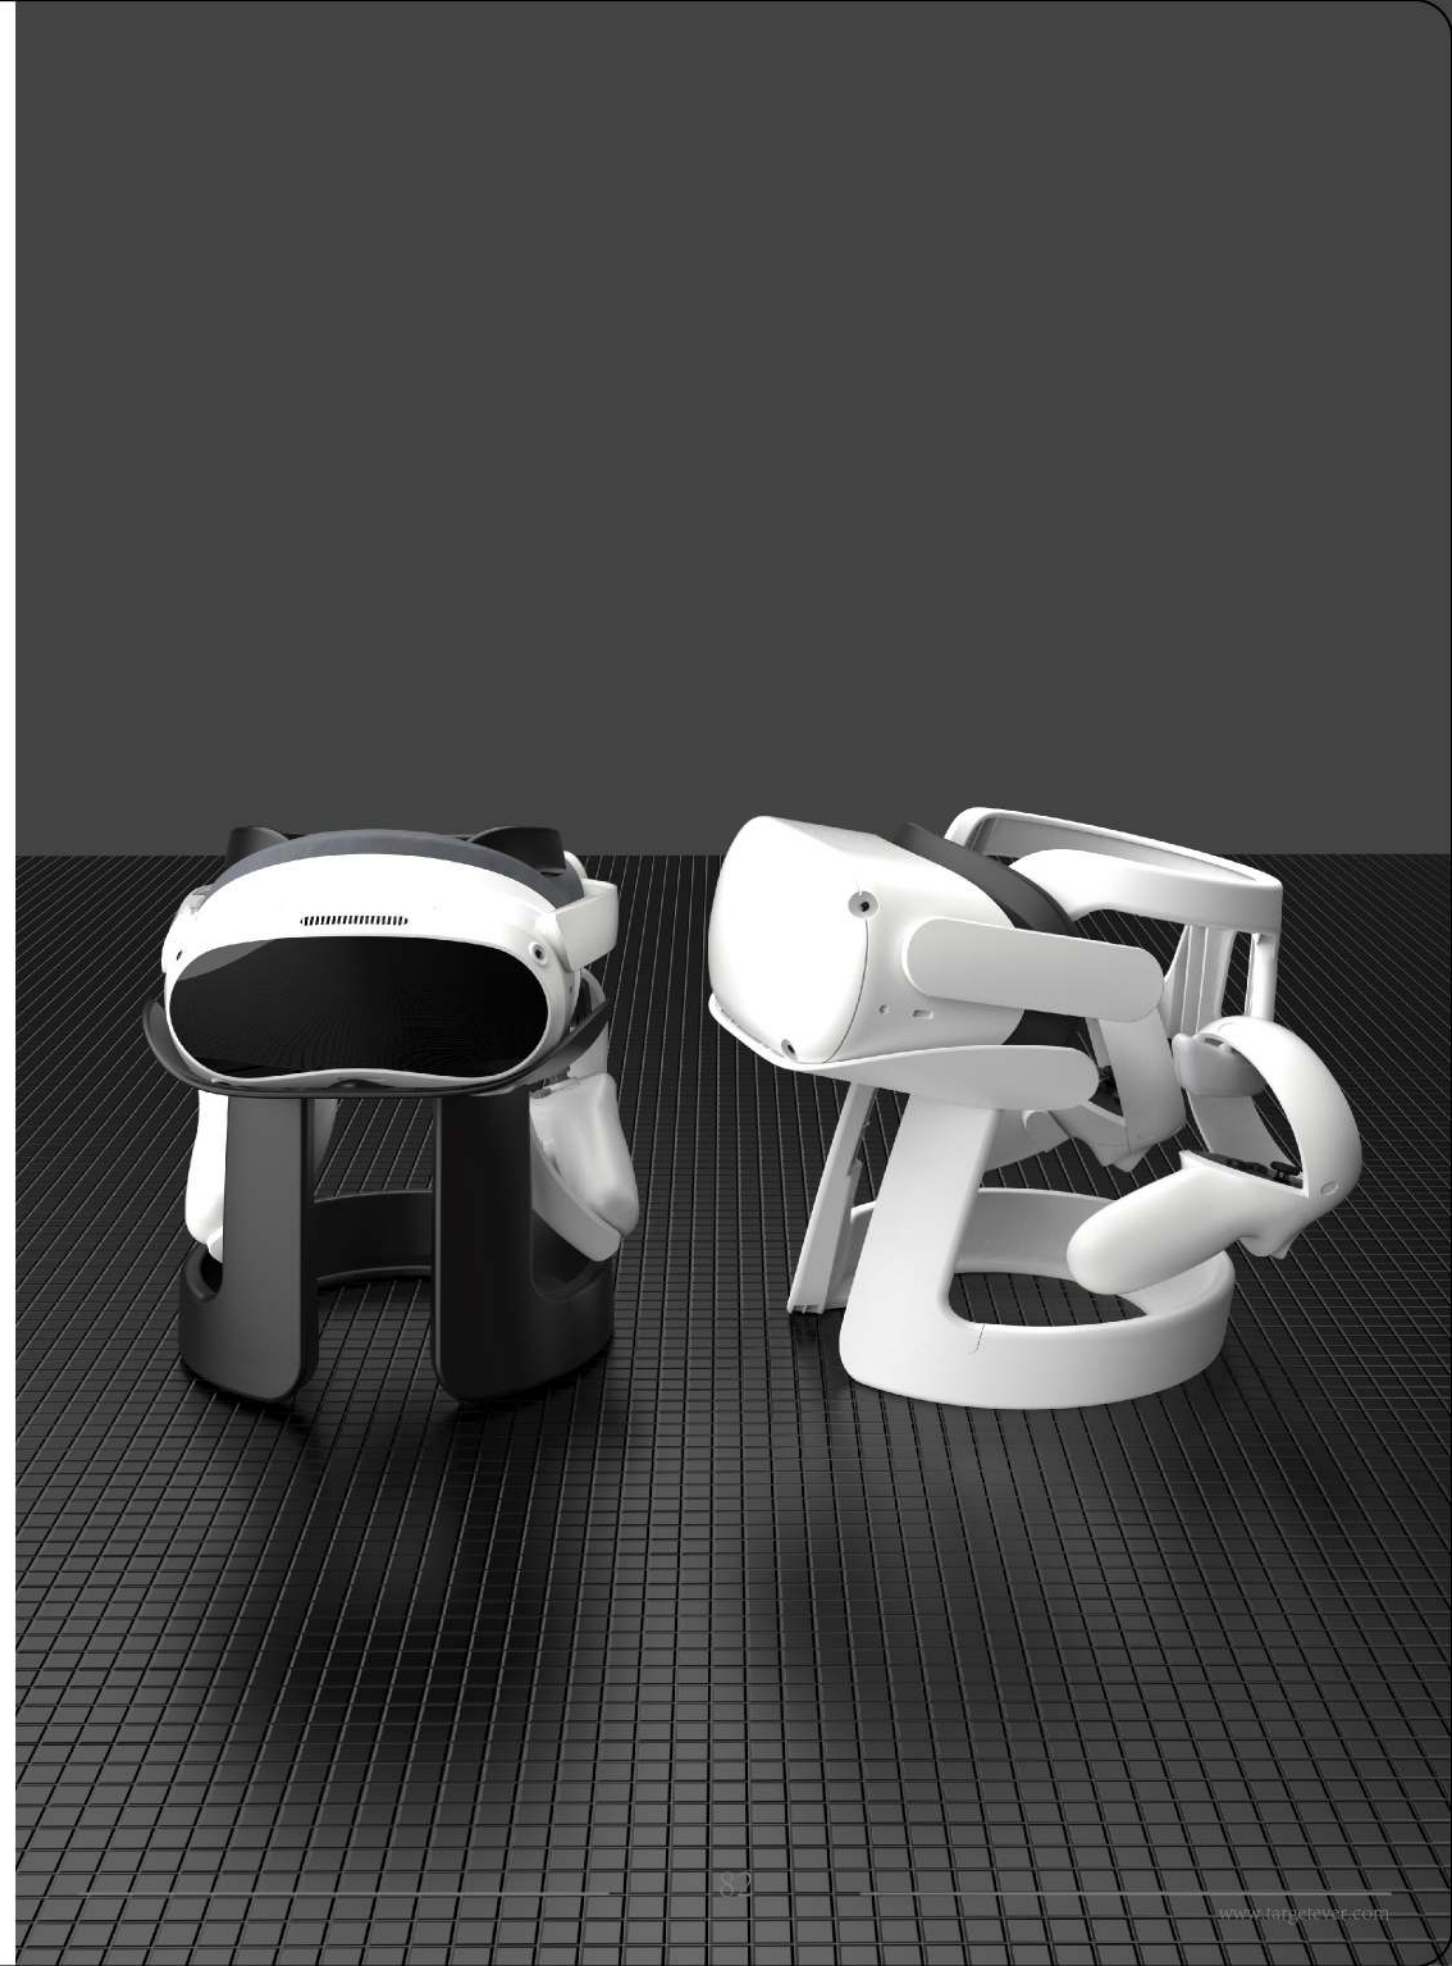

- Light weight and stable, when place and pick VR headset and controllers
- Safe and fast charging, anti short-circuit, anti over-voltage, anti over-current
- Striking LED lights indicate the charging status of headset and controllers
- Small size to save more space and portable to take out

GS01

GS01 Universal VR Display Stand

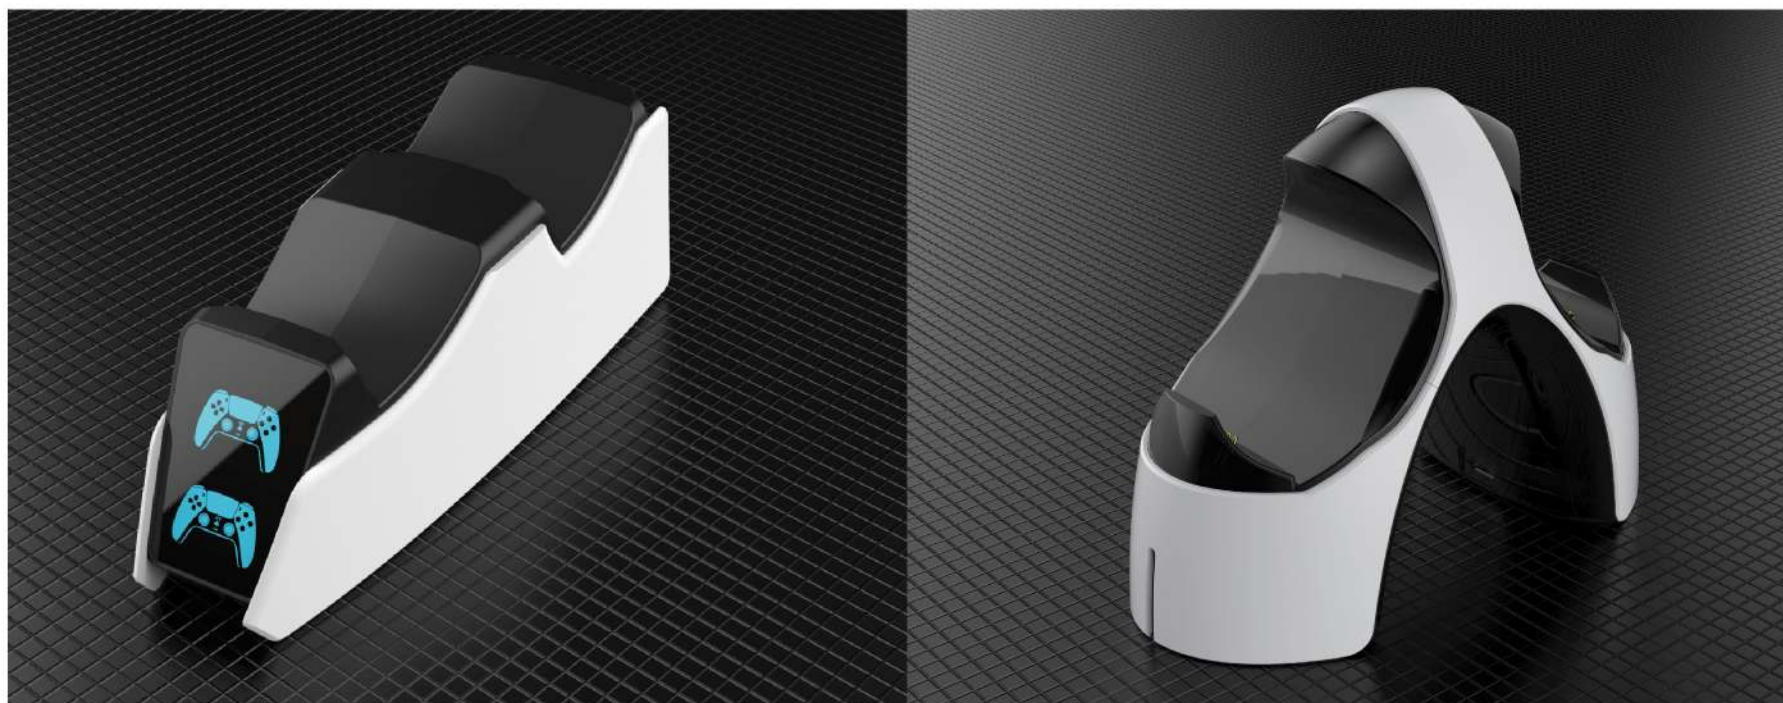

- Universal compatible with different brand VR devices
- Easy and quick to assemble and disassemble, convenient storage and take out
- Leaves the charging ports exposed so you can charge them while they're on the stand
- High quality ABS plastic, with a non-slip design and a strong textured round base

EG12B

Charging Station For PS5

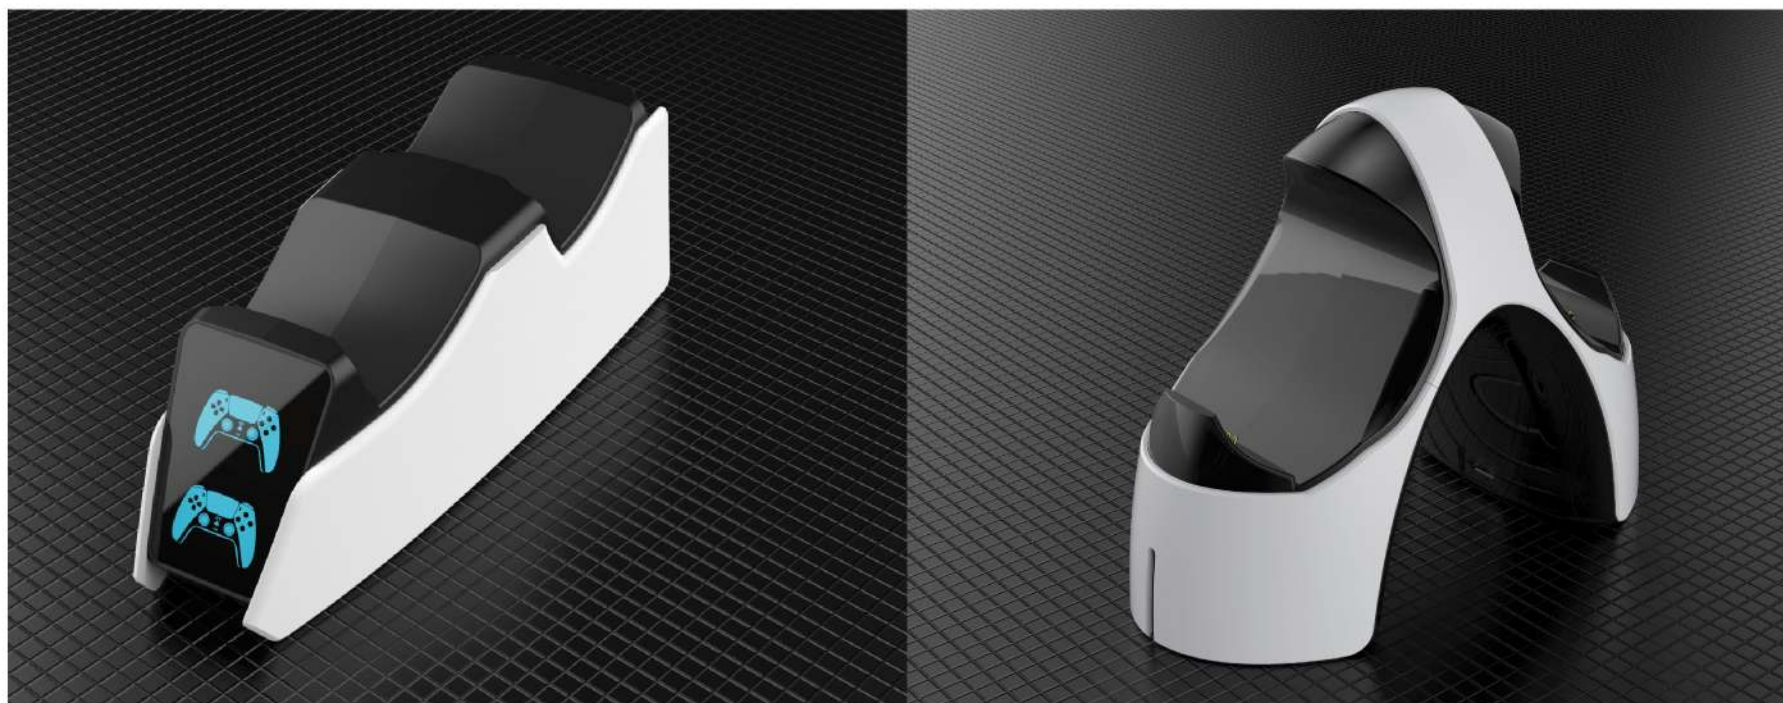

- Charging station for dual PS5 original controllers
- Easy to plug, Pin to Pin charging method
- Input: 5V 2A, Output: 5V 900mA
- Included 1.0 meter Type-C cable
- LED charging indicator

EG12D

Charging Station For PS5

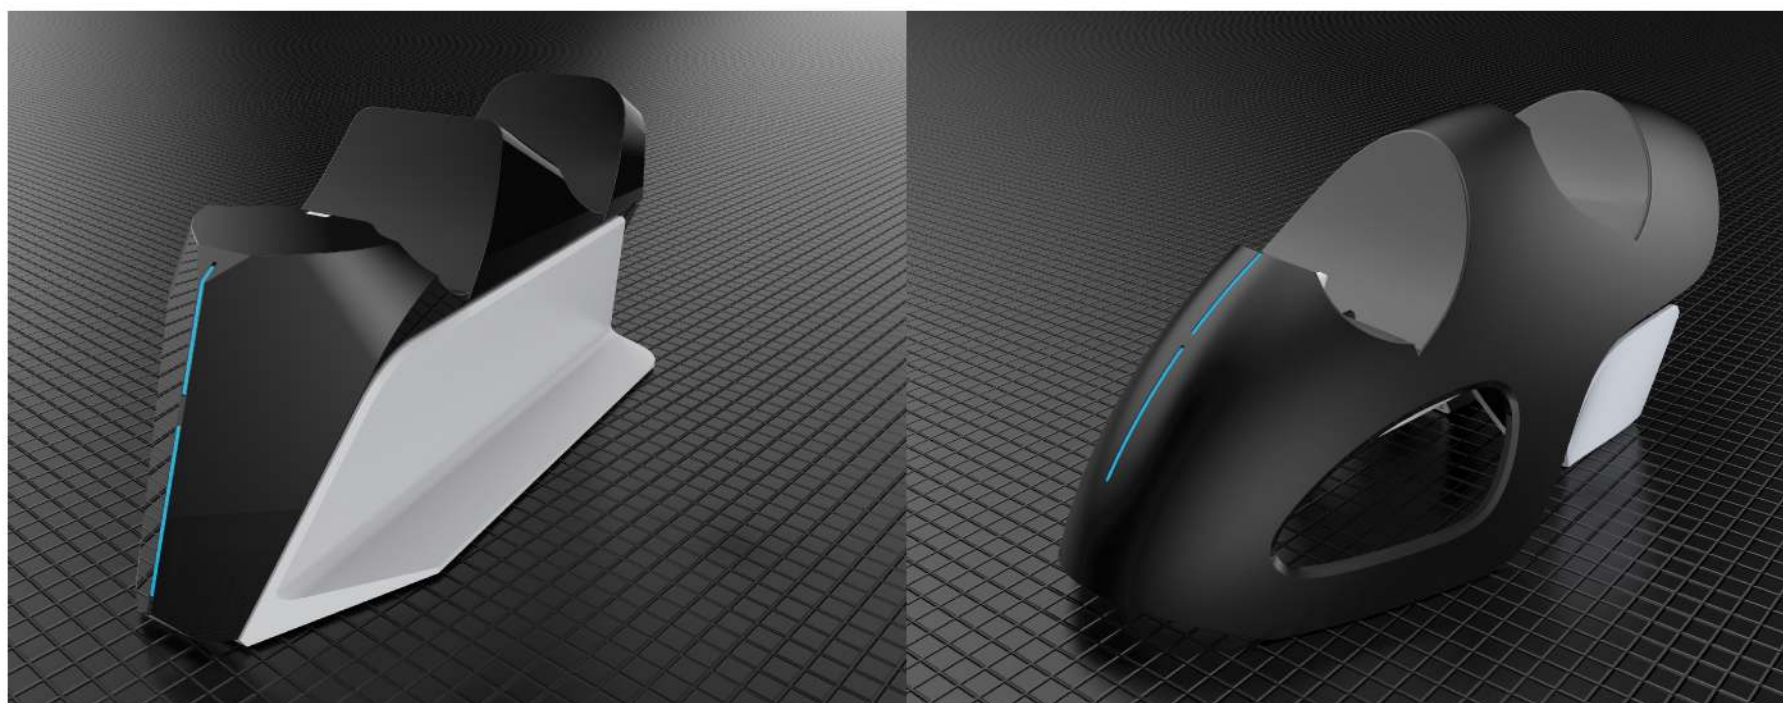

- Charging station for dual PS5 original controllers
- Easy to plug, Pin to Pin charging method
- Input: 5V 2A, Output: 5V 900mA
- Included 1.0 meter Type-C cable
- LED charging indicator

EG12C

Charging Station For PS5

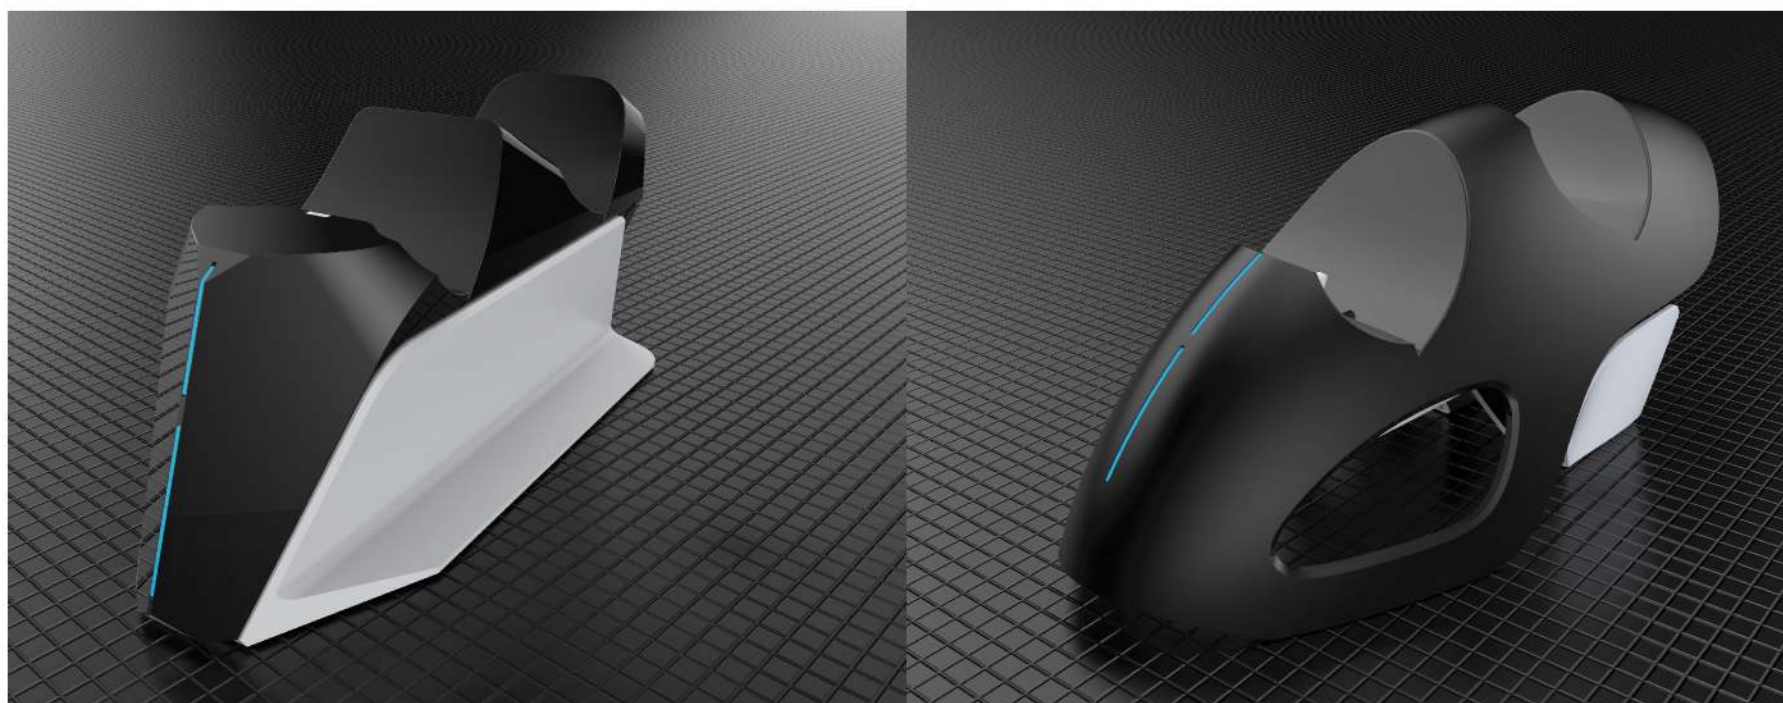

- Charging station for dual PS5 original controllers
- Easy to plug, Pin to Pin charging method
- Input: 5V 2A, Output: 5V 900mA
- Included 1.0 meter Type-C cable
- LED charging indicator

EG12G

Charging Station For PS5

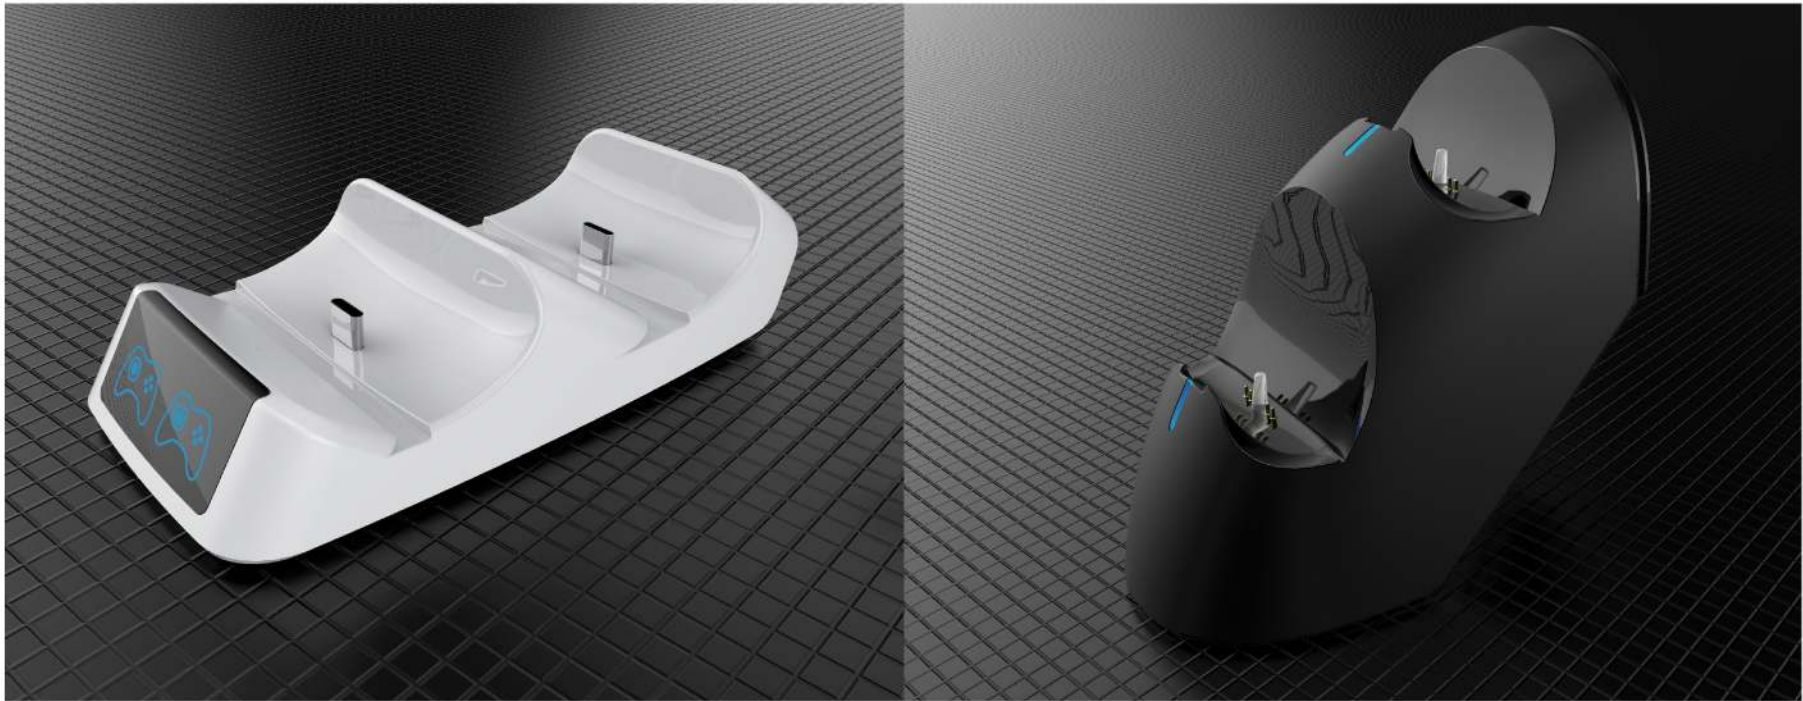

- Charging station for dual PS5 original controllers
- Easy to plug, Pin to Pin charging method
- Input: 5V 2A, Output: 5V 900mA
- Included 1.0 meter Type-C cable
- LED charging indicator

EG12F

Charging Station For PS5

- Charging station for dual PS5 original controllers
- Easy to plug
- Input: 5V 2A, Output:5V 900mA
- Included 1.0 meter Type-C cable
- LED charging indicator

EG01R

Charging Station For PS5

- Charging station for dual PS5 original controllers
- Easy to plug, Pin to Pin charging method
- Input: 5V 2A, Output:5V 900mA
- Included 1.0 meter Type-C cable
- LED charging indicator

EG12H

Charging Station For PS5

- Charging station for dual PS5 original controllers
- Easy to plug, Pin to Pin charging method
- Input: 5V 2A, Output:5V 900mA
- Included 1.0 meter Type-C cable
- LED charging indicator

EG04C

Charging Grip For Switch Joy-Con

- Charging grip for Joy-Con
- Easy to plug, Type-C charging method
- Input: 5V 1A, Output: 4.8V 500mA
- Support both original and 3rd party Joy-Con
- Included 1.0 meter Type-C cable

DG12

Charging Station for Joy-con

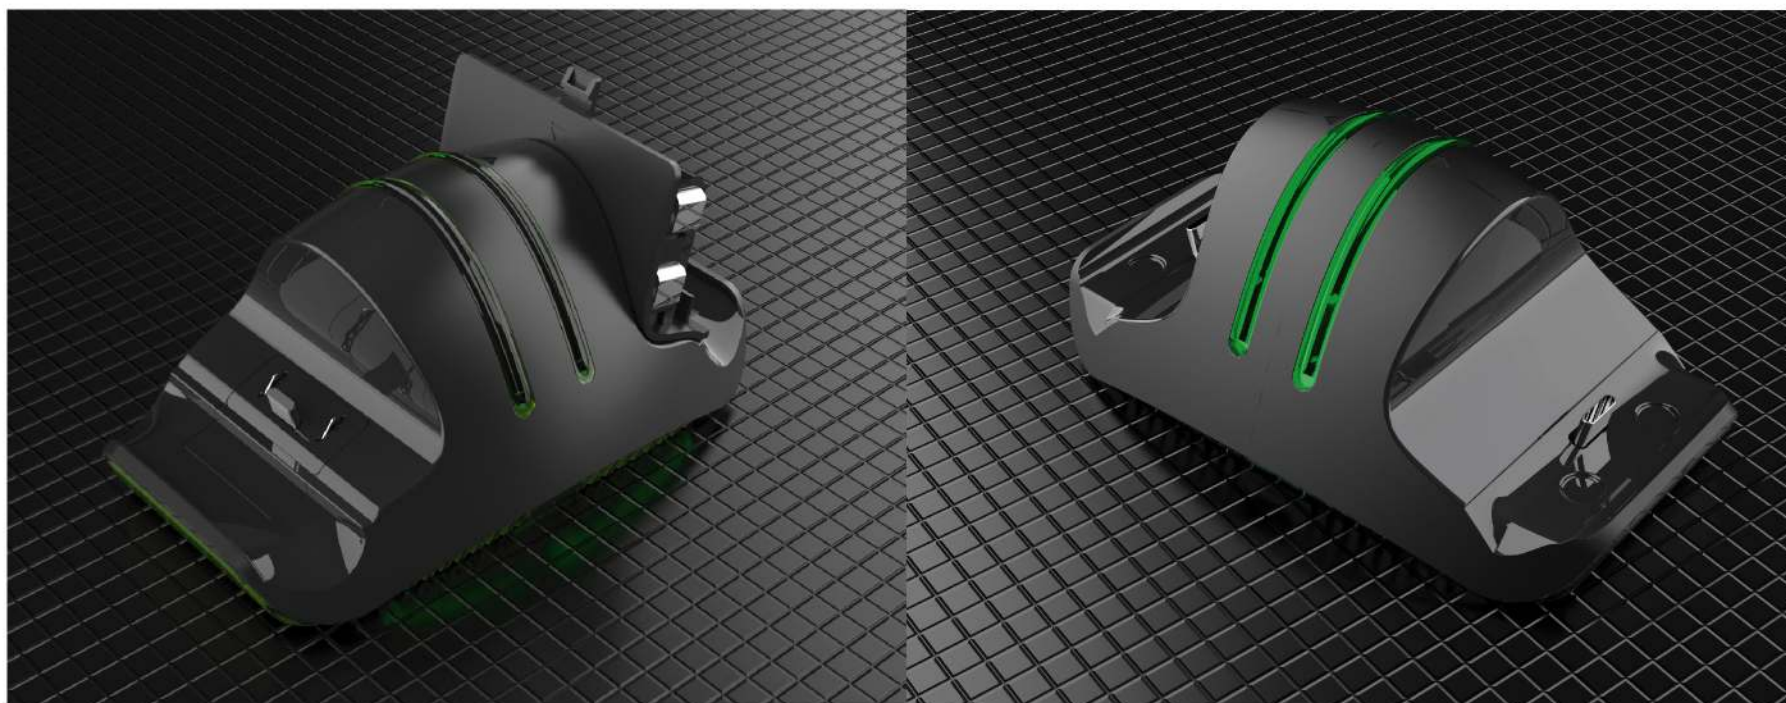

- Support Charging 4 Joycons at the same time
- Support Nintendo original Joycon and Targetever's Joy-con
- Input: 5V2A
- Output: 5V/4x500mA

DG13

Charging Dock For Xbox one Controller

- Perfectly fit and charge the Xbox one original controller in high speed
- 2 controllers can be charged at the same time
- Input: DC 5V/500-1000mA
- Output: DC 5V/500-100mA

DG13X

Charging Station for Xbox Seires X

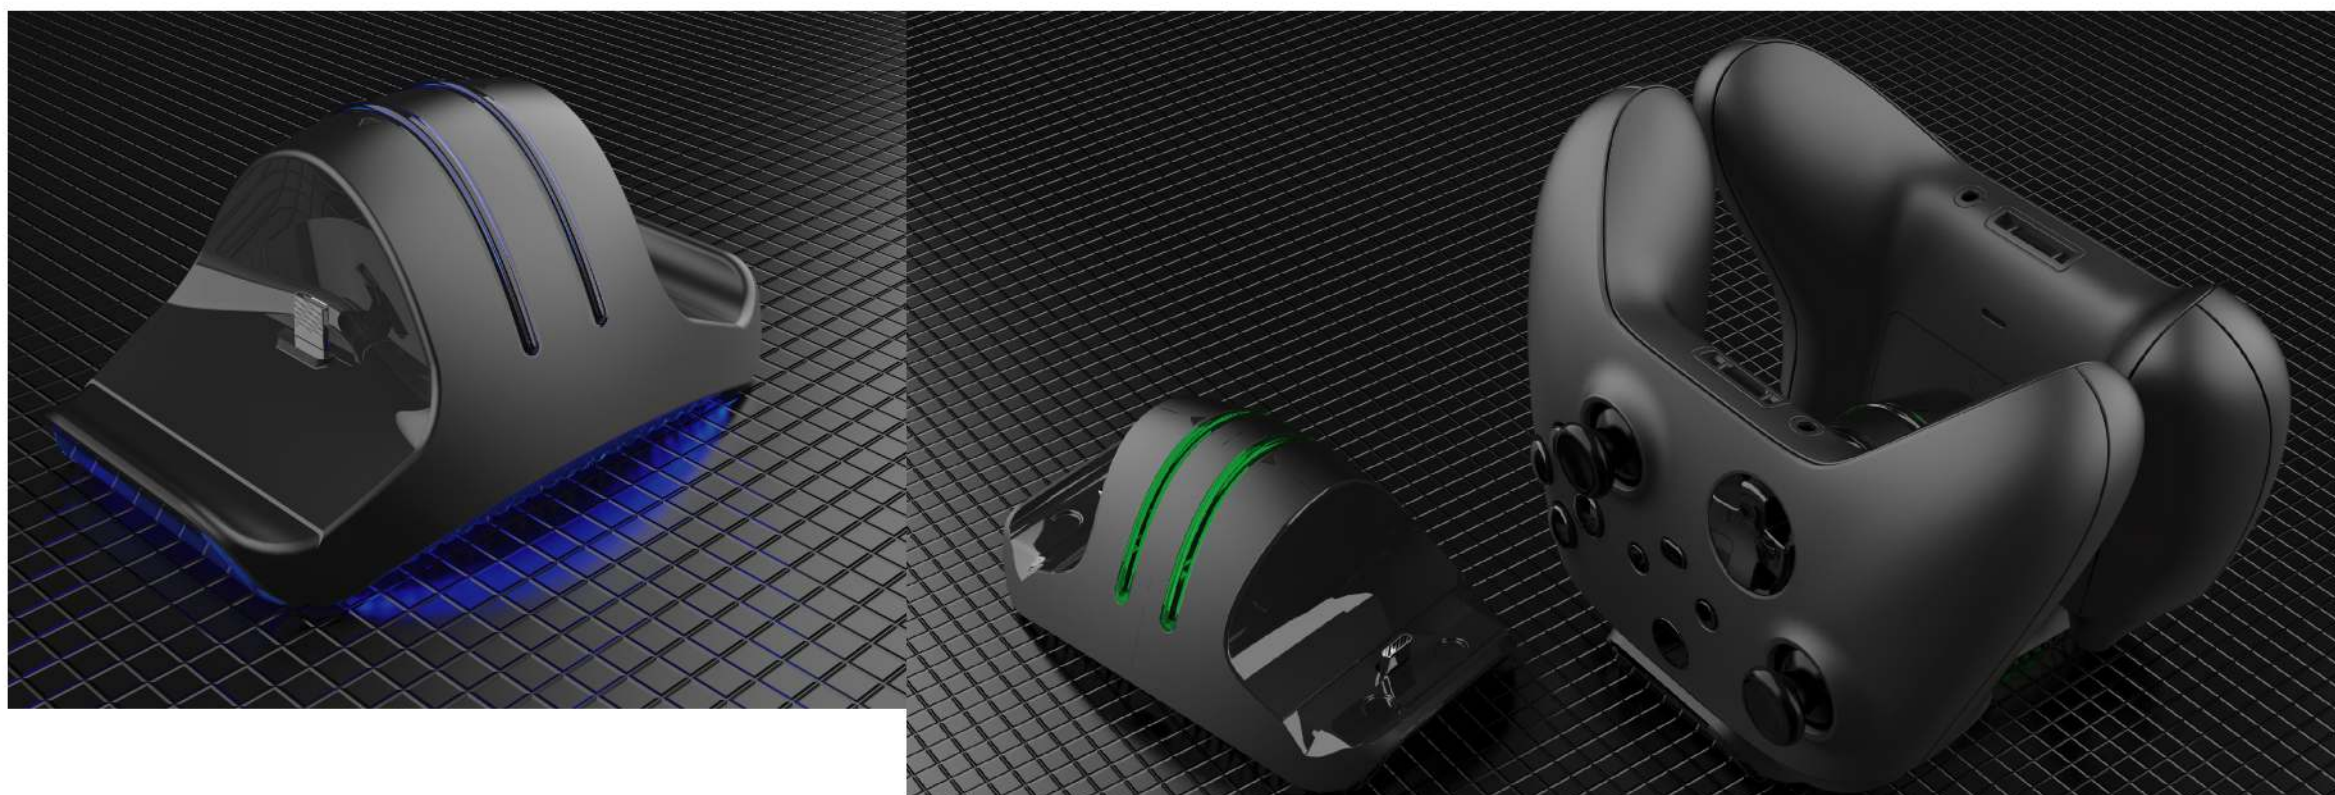

- Charging station for dual Xbox Series X original controllers with battery packs
- Easy to plug, Type-C charging method
- Input: 5V 1.1A, Output:5V 400mA
- Battery packs available(800-1100mA)
- Charge 2pcs controllers at the same time
- 1.0 meter Type-C cable Included

DG14

Charging Dock For PS4 Controller

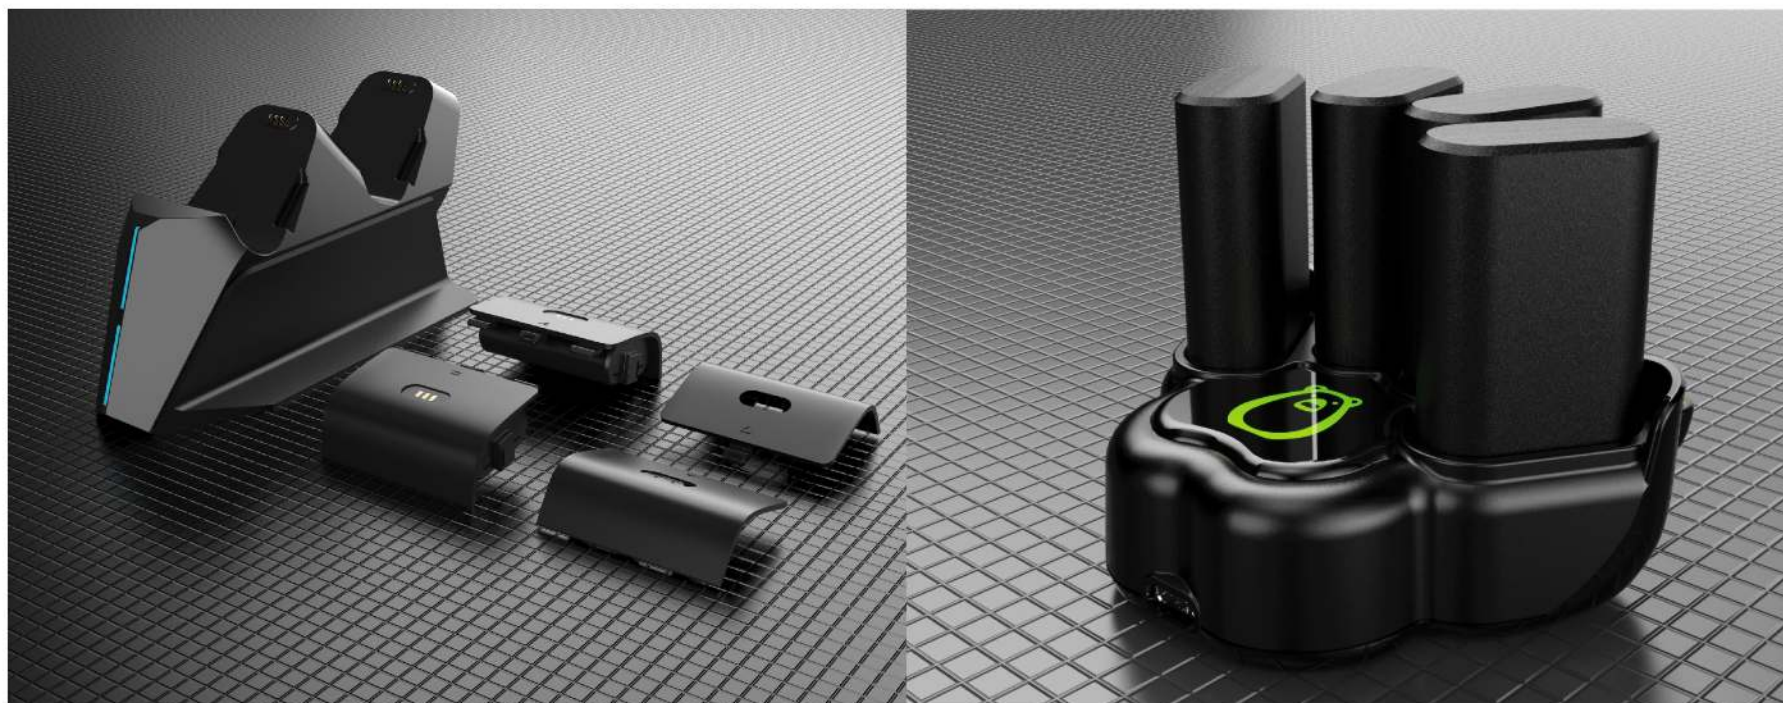

- Perfectly fit and charge the PS4 original controller in high speed
- Input: DC 5V/500-1000mA
- Output: DC 5V/500-1000mA

EG12CX

Charging Station For Xbox

- Charging station for dual Xbox Series X/One original controllers with battery packs
- Easy to plug, Pin to Pin charging method
- Input: 5V 1.1A, Output:5V 400mA
- Battery packs available 1100mA
- Charge 2pcs controllers at the same time
- Included 1.0 meter Type-C cable

EG12K

Charging Station For Xbox Battery

- Charging station for Max 4pcs Xbox battery packs
- Easy to plug, Pin to Pin charging method
- Input: 5V 1.6A, Output:5V 400mA
- Battery packs available (800-1100mA)
- Charge 2pcs battery packs at the same time
- 1.0 meter Type-C cable Included
- LED charging indicator

EG12GX

Charging Station For Xbox

- Charging station for dual Xbox Series X/One original controllers with battery packs
- Easy to plug, Pin to Pin charging method
- Input: 5V 1.1A, Output:5V 400mA
- Battery packs available (800-1100mA)
- Charge 2pcs controllers at the same time
- Included 1.0 meter Type-C cable

FS02A

Phone Clip for Dual Sense 5

- Phone Clip for PS5 original controller
- A whole new ergonomically design for different gaming experience
- Durable high-impact PC material meet ROHS standard
- 90 degree spiral holder to adjust
- With global appearance patents

FG01

Stretchable Stand for Nintendo Switch

- Perfect compatible with Nintendo Switch and Switch OLED console and different size mobile phone
- Support C23,C25,EG13 series Targetever Joycon
- Joycon without sliding rail and avoid Nintendo patent issue perfect

EG14

Media Remote For Xbox One / Xbox series X / S

- Function 100% same as original, put battery in and work well
- IR Connection
- One-Guide button provides quick access to all of your favorites

B91

Video Dock

- One Type-C port for Switch Console charging
- One HDMI port for TV connection
- One USB3.0 and two USB2.0 ports
- HDMI ON/OFF button
- Heat dissipation design
- With LED indicator
- Adjustable view angles

B93

Video Dock

- Support Bluetooth Audio for Switch
- One Type-C port for Switch Console charging
- One HDMI port for TV connection
- One USB 3.0 and two USB 2.0 ports
- Adjustable view angles

B92

Video Dock

- One Type-C port for Switch Console charging
- One HDMI port for TV connection
- One USB3.0 and two USB2.0 ports
- HDMI ON/OFF button
- Adjustable view angles
- Keyboard and mouse adapter for PS4/PS3/ Xbox one/Switch Console

Born for connecting Bluetooth headset to Nintendo Switch

C51

Bluetooth Audio Transceiver

- Connect to Switch console via Bluetooth headset/speaker
- 10m effect distance
- No driver needed, easy to connect, low delay

C61

GameCube Controller Adapter

- Support four original Nintendo GameCube controllers
- Support Wii U/Nintendo Switch/PC
- Works with compatible games for the Nintendo Switch system and Wii U system
- Turbo Function

DG09

Audio Transceiver For Switch/PS4/Xbox One

- Support Bluetooth headphone with Switch/PS4/Xbox One console
- 10 meters Bluetooth range
- Low latency and easy to use
- Support audio and chat in games

C71

Converter I

- With a 18cm cable
- 3 USB ports
- Easy to use, support customize key mapping
- No need driver, plug and play

C92

Converter III

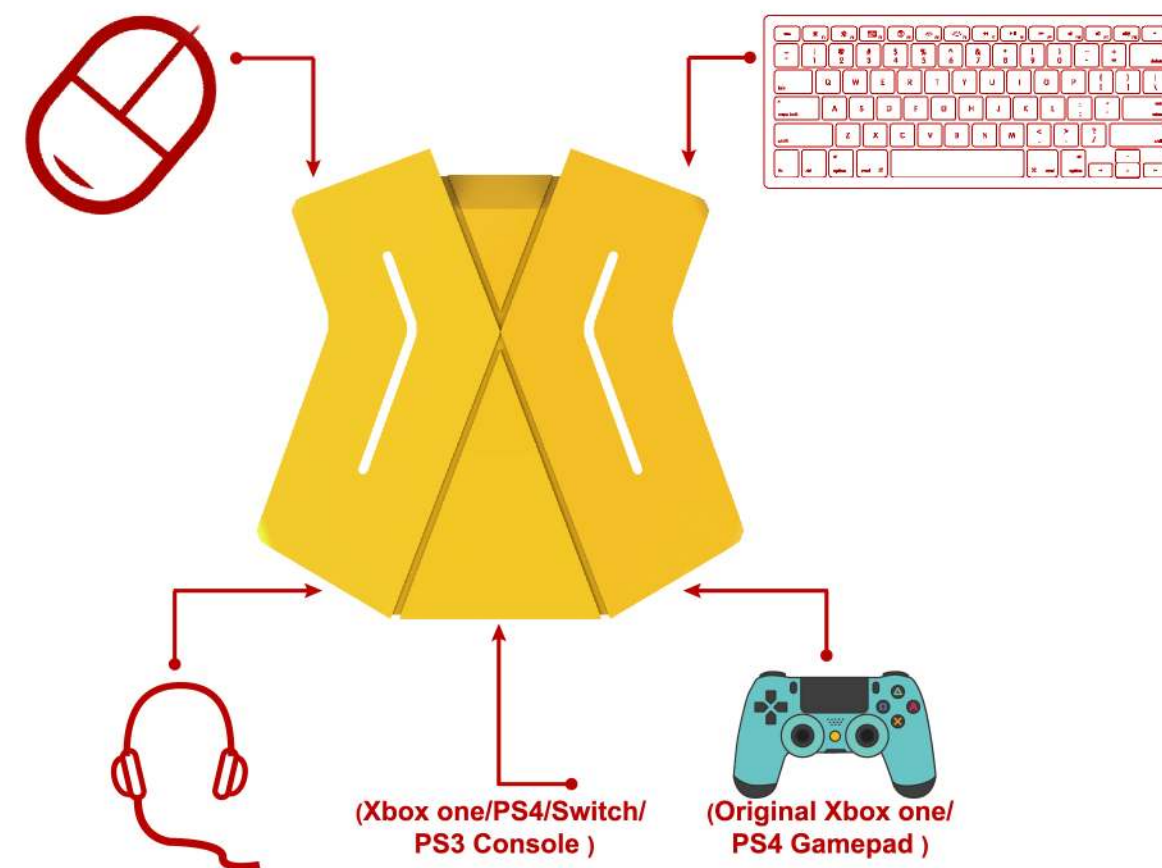

- Support Xbox One/Xbox Series X/S/PS4/Switch/PS3
- Easy to use, support customize key mapping
- Support 3.5mm headphone jack
- No need driver, plug and play

C91

Converter II

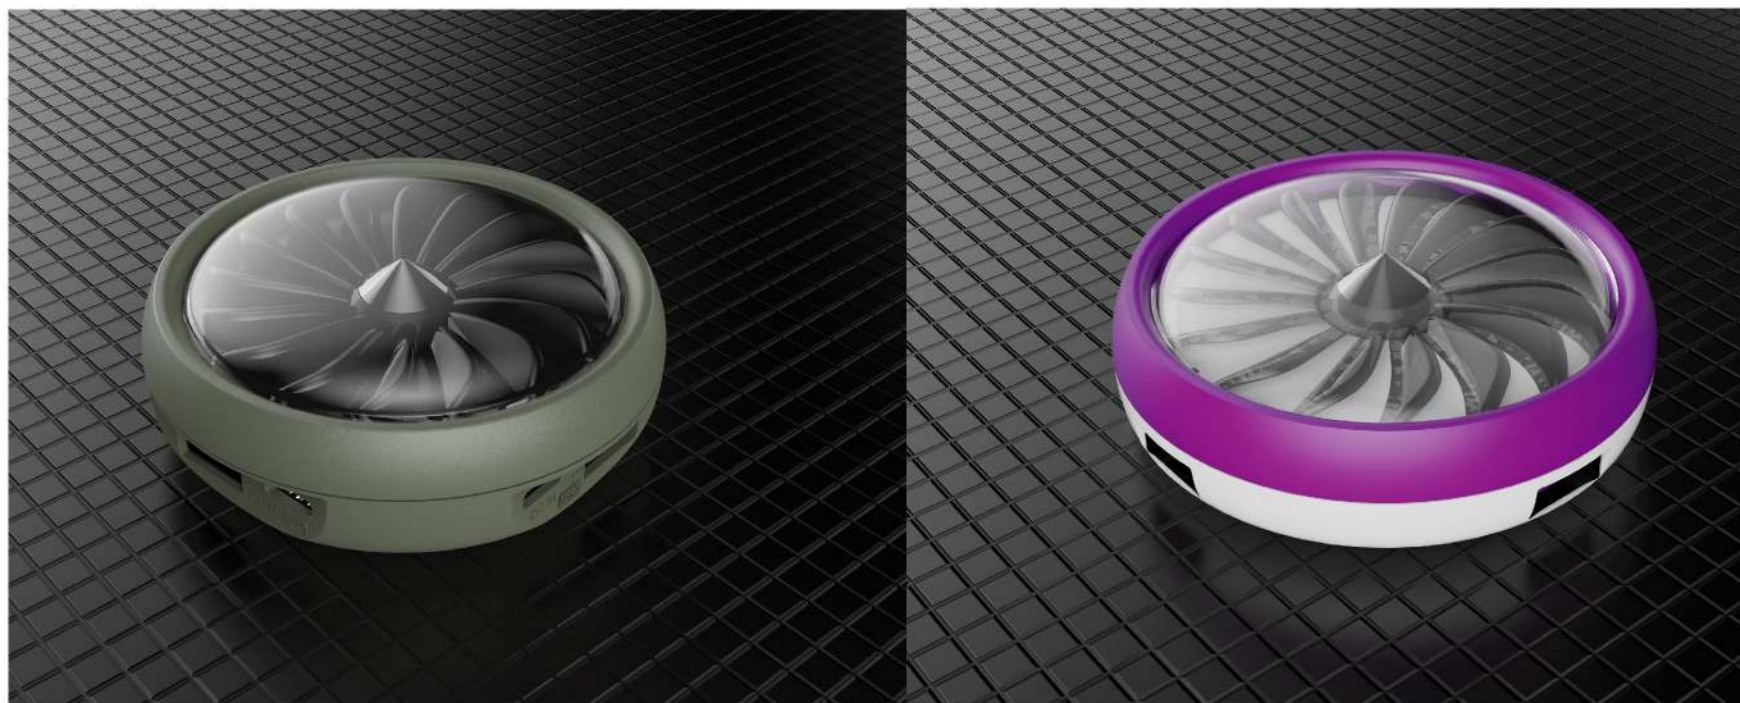

- Converter supports Xbox One/Xbox Series X/S/PS4/Switch/PS3 Consoles
- Hyun-cool shape designn with LED light tube
- Support FPS games
- Easy plug and play
- No need driver
- Easy to use, support customizxe key mapping

CG61

Converter

- Compatible with PS4/Switch/Xbox One/Xbox Series X/S
- 3x USB2.0 port
- 1x 3.5mm headphone jack with audio and chat function
- Design idea comes from aircraft engine
- Red LED chase lights with one-direction running pattern
- Low latency, can custom keys and DPI on APP

CG63

Audio Adapter

- Compatible with PS4 and Xbox One consoles
- Support bluetooth headphone with audio and chat function
- Low latency for bluetooth headsets
- Design idea comes from aircraft engine
- Blue LED chase light with one-direction running pattern

CG62

Multi-functional Wired Gamepad Converter

- NGC*2/Wii U*1/USB*1 port to support different controllers
- Extra Home/-/Capture buttons to meet games need
- Extra Turbo function better for fighting games
- Design idea comes from aircraft engine
- Green LED chase lights with one-direction running pattern

CG64

Multi-functional Wired Gamepad Converter

- Support max 4pcs NGC controllers
- Support Nintendo Switch console
- Support Nintendo Wii console
- Extra buttons for NS(-/Capture/Turbo/Home)
- Green LED chase lights with one-direction running pattern

DG08A

Game Controller Holder

- Made for Iphone system
- A whole new ergonomically design for different gaming experience
- Durable high-impact PC material
- 90 degree spiral holder to adjust

DG08B

Game Controller Holder

- Made for Iphone system
- A whole new ergonomically design for different gaming experience
- Durable high-impact PC material
- 90 degree spiral holder to adjust

DG11C

Ring-Con For Switch

- SWITCH Ring-con-design for 8-12 year old child
- With rubber cover
- With One Leg Strap

DG11A
Size: \varnothing 384.4mm

DG11C
Size: \varnothing 292.4mm

DG11A

Ring-Con For Switch

- SWITCH Ring-con-suitable for adult
- With rubber cover
- With One Leg Strap

DK01

2.4G Multi-Platform Wireless Keyboard

- Multiple platforms compatible with PS4/Xbox One/Nintendo Switch 2.4Ghz wireless ultra-low latency
- Different options for mechanical switches (Red/Green/Brown etc)
- RGB lighting effects improve the gaming immersion
- Replace every switch on your keyboard with a few to spare
- Ergonomically designed palm-rest three different length flexible
- 1500mAh battery with detachable USB-C cable
- With a whole new 8 ways joystick 4 Programmable G-key macros
- Customizable Color And Comfortable 20MM Up And Down Palm Support

DK01A

USB Wired PC Keyboard

- Compatible with PC WIN XP/WIN7/WIN8/ WIN10/WIN11
- Different options for mechanical switches (Red/Green/Brown etc)
- RGB lighting effects improve the gaming i mmerson
- Ergonomically designed palm-rest three different length flexible
- With a whole new 8 ways joystick & 4 programmble G-key macros
- Support customize keycode by PC APP
- Customizable color and confortable 20MM Up and Down palm support

EG03

Controller back button attachment For PS4

- Two programable buttons, maximum supports to map 16 functions
- OLED screen displays current button assignments and selected profile
- Screen button lets you customize button assignments
- Storage 3 set different customized button assignments
- 3.5mm headphone jack connects with your wired headset

C81

Taiko and Stick

- Taiko expert controller appeared for Nintendo Switch
- Optimal drum type controller for game "Taiko no Tatsujin Nintendo Switch ~ Jon!"
- With the operation button on the drum body, can operate the Taiko no Tatsujin in game
- Support two drum and two players at the same time Support Switch video dock

115

C82

Taiko and Stick

- Taiko expert controller appeared for PS4
- Optimal drum type controller for game "Taiko no Tatsujin Nintendo Switch Jon!"
- With the operation button on the drum body, can also operate the Taiko no Tatsujin in game
- Two products can be connected and two players can be used.
